

## How do I find the WMU undergraduate catalog?

- As you plan for your first semester of courses, you may find the online undergraduate catalog to be a valuable source of information.
- You can access the catalog at: [catalog.wmich.edu](http://catalog.wmich.edu).
- Select 'Undergraduate Catalog 2007-08' from the dropdown menu at the top right.
- This completely searchable catalog includes all programs at WMU as well as all requirements and all academic policies.
- Use it to find out what is available in areas of interest to you. For example, if you are interested in Biology, select 'Entire content' in the first field under Catalog Search, and Biology in the second field. A list of all courses, programs, departments, which include 'Biology', will be returned. The list can be narrowed by choosing programs or courses from the first field, then Biology in the second.
- Use the portfolio feature to save programs and course information of interest to you.
- Information saved in your portfolio is for your benefit and can be deleted or added to at any time.
- Course descriptions are available for all courses offered at WMU, so you can look ahead to what you will be studying and what is of interest to you. This catalog is updated yearly, each spring.
- Previous versions will be archived and will continue to be viewable online.
