2009-2010 Non-Tax Filer Statement

Your application was selected for review in a process called "Verification". In this process, Western will be comparing information from your Student Aid Report (SAR) with supporting financial documents. Federal law requires that this be done before awarding federal aid. If there are differences between your application information and your financial documents, it may be necessary for our office to make corrections electronically through the federal processor. The corrections may result in an increase or decrease in your eligibility for financial aid programs.
