

Volunteer Job Description

Job Title: WMU Sunseeker Solar Car Team Member								
Job Description: The Sunseeker Solar Car Team is looking forward to the world race in Australia next October. Besides engineering students to help design and build a new car, we need volunteers to help with all the non-engineering tasks that will get us to the race! Sub-teams include: a communication team, a marketing/fund raising team, an outreach/education team, a health & wellness team, a travel management team, and a special events team. If you have an interest in any of these areas, join us as we gear up for the big race!
