Graduate Program Review

President's Decisions and Recommendations

Deletion

Program: Master of Science in Operations Research
 Department: Expand
 Dean Greene: Continue with noted concern on low enrollment
 Graduate Program Review Team: Consolidate or close

Recommendation: Provost Delene: Eliminate
 Appeals Committee: Did not appeal
 President Bailey: Delete

Enrollment: 03-04 3 students
 04-05 1 students
 05-06 2 students

Rationale: Program enrollment is exceptionally low, enrolling an average of two per year since 2000, with only two new beginning students in 05, one in 04, none in 02 or 03.

Recommendation: It is recommended that the Board of Trustees approve the proposal to delete the Master of Science in Operations Research. Deletion of the program becomes effective at the conclusion of the 2011-12 academic year or the last graduation date of any currently enrolled students, whichever comes first.
