This will explain the steps for adding a question to a quiz from your question library.

**Step 1 - Assessments**

1. Click on the Assessments tab on the tool bar.
2. Select Quizzes from the drop down menu.
Step 2 - Edit Quiz

1. Select Edit on the drop down menu next to the desired quiz.
Step 3 - Add/Edit Questions

1. Click the "Add/Edit Questions" button.
Step 4 - Select Quiz

1. Select the quiz folder to which you would like to add questions.
Step 5 - Import

1. Click on the Import button.
**Step 6 - Make Selections**

1. Select From an Existing Collection from the Import Source drop down menu.
2. Select the Source Collection.
3. Select the Source Section from which you would like to pull questions.
4. Select the specific questions you would like to import.
5. Click the Save button
Step 7 - Done

1. Check your work, and select "Done Editing Questions"
