Health and wellness

Cultivating healthy lifestyles, minds and bodies is critical for student success. UWM Student Health Services offers students various services on campus designed to support physical, emotional and personal well-being.

Student Health Capital: UWM Student Health Services has been named a Gold Community for its commitment to providing services to the campus community. Clinical care and wellness services are available by appointment including:

- Acute illnesses and injuries
- Individual, group and couples counseling
- Lab and radiology services
- Occupational health and medication therapy
- Psychiatric and mental health care

Counseling services is staffed by licensed psychologists and mental health professionals including students. Master’s and doctoral students make initial and primary care appointments. Health promotion programs and services are available to supplement a student’s college education.

Housing and dining

Residential living offers housing options for students who choose to live on the heart of the campus. Currently, there are seven residence halls, seven residence halls and 82 apartments are a great place to meet new people and build friendships that will last a lifetime.

- A variety of living arrangements, themes and learning communities are available at each student residence.
- Enjoy the quality of college life in 24-hour residential halls, resident advisors across all residence halls.

- Get close to the action! Dining halls, the Student Recreation Center and the Milwaukee Art Museum are all just minutes away.

Student development and leadership

There are hundreds of ways to get involved in university life at UWM. A variety of activities and programs help students achieve success through personal and professional development, and to participate in the life of the campus.

Student Activities and Leadership Programs is strongly varied. There are many student offerings where students can socialize, develop leadership skills, and become volunteer leaders.

University Recreation encourages healthy lifestyles and giving students a variety of engagement opportunities in team sports and social interactions.

- The Student Life Center is a program designed to bring residence halls and many opportunities.
- Small groups programs, international sports, and international opportunities are just a few opportunities to help students.
- For a challenging, team-based course on the 25-foot climbing wall will help improve physical and mental well-being.

Career and Student Employment Services

Career and Student Employment Services partners with students and employers to provide recruitment opportunities for students as well as employers. Through comprehensive career development advising and job search assistance, students have access to pastual experience, students build professional level skills and gain leadership experience.

- Services and programs focus on career development, exploring options and finding employment.
- Career advisors assist students with self-assessment, occupational research and job search strategies.

Dream Jobs: UWM’s web-based resource to help students with their employment search. Students use the tool to search and apply for jobs, sign up for interviews and events, or to publish their resume online.

The Office of Parent and Family Programs serves as a contact point, liaison, and an information gateway for parents, guardians, and family members of UWM students. Family members are welcome to join the UWM Family Network and receive up-to-date news and information about campus activities.
