1. What is the Student Sustainability Grant?
   a. The Student Sustainability Grant (SSG) supports student research, activities, and initiatives that will foster a campus culture of sustainability at Western Michigan University (WMU), while working to benefit all students.

2. Who should apply?
   a. The SSG is available to all WMU students who pay the sustainability fee. Virtually all majors and programs at Western Michigan University address one or more aspect of sustainability, and therefore the possibilities for projects, initiatives, and events are limitless. Students are strongly encouraged to contact the Office for Sustainability (OfS) or the Western Student Association (WSA) Campus Sustainability Chair for more information about the SSG.

3. Funding Guidelines
   a. Proposals are due to the OfS and the WSA Campus Sustainability Chair at 11:59pm on the Thursday before Thanksgiving (fall allocations) and 11:59pm on the Thursday before Spring Break (spring allocations).
   b. All grant authors are advised to schedule a meeting with the OfS at least six weeks prior to the application deadline. This meeting is intended to assist grant authors to plan and write a complete grant proposal for consideration by the SSGAC. If proposals involve changes to university facilities, buildings, landscape, campus safety, or research involving humans or animals, this meeting is mandatory (See Section 4. Necessary Stakeholder Approvals).
   c. All proposals must be submitted using the Student Sustainability Grant Application, which can be found at www.wmich.edu/sustainability/grants
   d. Groups may collectively author and submit proposals.
e. Proposals should be saved as a single PDF document and sent via email to wmusustainability@wmich.edu and wsasustainability@wmich.edu with the subject line: lastnameSSGproposal. Hard copies and other file formats may be rejected.

f. The Office for Sustainability, in cooperation with the WSA Campus Sustainability Chair, will evaluate whether proposals are safe, adequately, budgeted, and possible within existing university infrastructure. Applicants who submit proposals that do not meet these criteria will be rejected.

g. Proposals that do not include all required supplemental materials (i.e. budget, timeline, letters of support, space assessment, etc.) will be rejected.

h. Students may not receive stipends or hourly compensation from Student Sustainability Grants. Personnel listed in proposal budgets must be University staff, faculty, or outside contractors. Students who wish to receive compensation should seek additional funding from other sources.

i. Funding will only be awarded once to a project per funding cycle. Multiple applications may not be submitted to cover separate parts of an activity in any given funding period (for example, applicants may not submit one proposal for food and another for entertainment to fund an event).

j. Applicants may combine funding from the SSG with additional funding sources.

k. In accordance with WMU’s Non-Discrimination Policy, funding shall not be determined “on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, age, protected disability, veteran status, height, weight, or marital status.”

l. Funding will be denied if the Student Sustainability Grant Allocations Committee (SSGAC) determines that the primary purpose of an activity is to make a charitable donation.

m. The SSGAC may not provide funds to erase debt or cover expenses already incurred.

4. Necessary Stakeholder Approvals

a. All grant proposals that seek to impact or change university infrastructure in any way (facilities, landscape, buildings, etc.) are required to complete a space assessment (form included in SSG application) and schedule a consultation appointment at least six weeks prior to the application deadline with the OfS. Any proposed physical infrastructure changes must take place on properties owned by WMU.

b. The consultation appointment is required to help identify critical stakeholders and approvals that must be pursued and attained before the grant application deadline. For example, Campus Planning, Facilities Management, Landscape Services, Environmental Health and Safety, Building Managers, and other departments may require a significant window of time to review and approve new campus activities.
c. Project authors with proposals that will impact or change the university infrastructure who do not schedule this appointment with the OfS at least six weeks prior to the application deadline will be directed to apply the following semester. If you are in doubt or have any questions about the grant application, please direct questions to the OfS or the WSA Campus Sustainability Chair.

10. Accessing Funds
a. Overview
i. SALP will have fiscal oversight of the fund 52 SSGAC account and funds. These funds will be managed by SALP in the same manner as is done for the Agencies (WSA, CAB, GSA). SALP will move allocated amounts to individual SSG fund 52’s and will manage all transactions and sweeps in the same manner as is done for the Agencies. Any balance in the account at fiscal yearend will close to 23-0018280.

ii. Funds should be used for the intended purposes within twelve months of being awarded. The accounts must never end the twelve months in a deficit.

iii. All SSG funds must remain within the University accounting system (GLOW) as assigned by the SALP Financial Advisor.

iv. Primary proposal authors must attend a Financial Manager’s Training with the SALP Financial Advisor before purchasing anything in their budget. All other students associated with an SSG are strongly encouraged to attend this training.

v. Funds may only be used for purposes specified in an applicant’s budget. Surplus funds may not be used for unapproved items or services.

vi. The SALP Financial Advisor may freeze the accounts of groups or individuals whose projects exceed the timeline included with their proposal.
vii. Grant extensions and minor budget modifications may be considered by submitting a detailed letter of explanation to the SSGAC Chair and the OfS. The SSGAC Chair and OfS will review these requests in cooperation with the SALP Financial Advisor.

viii. All unused SSG funds will be transferred to fund 23-0018910 at the end of the fiscal year unless projects have been approved with timelines extending into the next fiscal year. In this case, the SALP Financial Advisor will ensure that funds roll over into the appropriate SSG account.

ix. For additional information on how to access and manage funds, refer to the SALP RSO Handbook or email salp-rsofinances@wmich.edu.

11. Advertising

   b. All electronic forms of advertising (i.e. Facebook) and group emails must also follow this guideline.
   c. If this guideline is not followed, a hold may be placed on the SSG account in question and the offending individual(s) may be barred from future allocations.
   d. The SSG logo must be used with the color scheme as shown in green at the top of this document, or it may be changed to be black, white, or grayscale. The color scheme may not be altered from what is shown, and the font, logo design, and proportions may not be altered in any way. A high resolution digital logo will be included with your award materials for acknowledgment and advertising purposes.

12. Evaluation
   a. When a Student Sustainability Grant is funded, the primary proposal author(s) will receive information about the evaluation procedure, which takes place in accordance with the OfS and the SSGAC Chair. The information includes instructions, report templates, and a date when the final project report is due to the OfS.
   b. Primary proposal authors are responsible for submitting a final project report to the OfS no later than 30 days after the end of their approved project close date or approved extension.
   c. The primary proposal author is responsible for submitting an interim project report by the end of each semester or at the end of Summer II if a grant spans multiple semesters. This does not include the semester when the funds were allocated (for example, an individual who is awarded a grant during the fall semester must submit their first evaluation at the end of the spring semester).
d. The OfS will inform the SALP Financial Advisor if individuals miss their end of semester evaluation deadline for grants spanning multiple semesters. The SALP Financial Advisor will freeze the fund 52 in question until an evaluation is submitted.

e. The OfS will inform the SALP Financial Advisor if individuals submit their final evaluations late and they may be audited by SALP to determine if a misuse of funds has occurred.

f. Individuals who fail to submit their final evaluations within 60 days of the end of their approved timeline may be barred from future allocations and audited by SALP to determine if a misuse of funds has occurred.

b. Funding awarded will be returned as directed by the SALP Financial Advisor in accordance with the OfS and the SSGAC Chair (see 10a.i.).

15. Ongoing Use and Management of Consumables

a. All products made from or equipment purchased through a Student Sustainability Grant is the property of WMU. All equipment and products purchased through this grant should have an ongoing management plan that determines what happens to items when a project is complete including who assumes management of materials once a project concludes. This ongoing use and management plan should be shared with your academic advisor for approval and clearly articulated in your grant materials. In the event consumables do not have an ongoing use plan, the grant advisor, SALP, WSA, and the OfS can cooperatively determine an appropriate means to continue use, repurpose, manage, or discard unused or unwanted items.
