Medieval Institute Publications

Medieval Institute Publications (MIP) assumed its present structure in 1978 as the publishing arm of the Medieval Institute, Western Michigan University, and became a member of the Association of American University Presses in 2011.

MIP publishes monographs and thematically coherent collections in several series across the range of medieval studies. However, its areas of strength lie in Anglo-Saxon and Old Norse studies, drama and performance studies, art history, social history, and monastic studies. It publishes several series of affordable classroom texts for the Consortium for the Teaching of the Middle Ages (TEAMS).

Since early 2015 MIP has begun work at Kalamazoo with Arc Medieval Press, the publishing arm of the CARMEN Worldwide Medieval Network, which specializes in global medieval studies. Both MIP and Arc also work intimately with Amsterdam University Press, our editorial and marketing partner in Europe.

MIP and Arc both support Open Access publishing (Gold, Delayed, or Green). Please enquire further or see our OA website: scholarworks.wmich.edu/medieval.

The Medieval Globe promotes scholarship in three related areas of study:
• the direct and indirect means by which peoples, goods, and ideas came into contact
• the deep roots of global developments
• the ways in which perceptions of the medieval past have been (and are) constructed around the world.

TMG is a peer-reviewed journal launched in November 2014 with a special issue on the Black Death as a global pandemic. It will be published biannually in both print and digital formats.

Thematic issues will alternate with volumes of selected articles submitted for consideration on a rolling basis.

Future thematic issues might address such topics as: pilgrimage, diasporas, race and racializing technologies, maritime cultures and ports-of-call, piracy and crime, knowledge networks, markets and consumerism, entertainment, spoils and spolia, global localities, comparative cosmographies, sites of translation and acculturation, slavery and social mobility.
