RECESSIONAL
Western Brass Ensemble
On behalf of the entire Western Michigan University community, I would like to extend a hearty welcome to all of today’s graduates and their families and friends who are here to help us celebrate this important day.

Commencement day is a very special time, indeed. It is the culmination of the University’s efforts to provide a quality experience to its students—one that is learner centered, discovery driven and globally engaged. Today we acknowledge that these efforts were successful, and the results are well-educated, capable individuals who are prepared for any challenge the future may have in store for them. As students, those who are graduating today have been a source of great pride for the University. I know these graduates will continue to make WMU proud, as alumni.

But today is more than a time to honor our graduates. We must also recognize all the parents, friends, family members and others whose encouragement and guidance have made this day possible for our students. The pathway toward a degree is long and challenging, and I know that our graduates could not have reached their destinations without your support. Please join me, too, in extending thanks to our faculty and staff for creating and fostering an environment of student success.

As we celebrate this most joyous occasion, I hope that you will enjoy your time on Western Michigan University’s campus. Please come back and visit us soon.

Most sincerely,

John M. Dunn
President of the University
Greetings to our Newest Alumni!

Today, when you walk across the stage of Miller Auditorium and receive your diploma, you will join a worldwide network of Western Michigan University graduates. On behalf of the WMU Alumni Association Board of Directors, I congratulate you on your achievement and welcome you to an active and vibrant alumni community.

The WMU Alumni Association works through the Office of Development and Alumni Relations to foster an alumni community that is inclusive, connected, and engaged. You are now one of over 240,000 WMU Alumni worldwide. As students, the common geography of campus linked you to one another. As alumni, the shared interest and pride in your alma mater will keep you connected.

We hope that you will visit us often at Heritage Hall, your new Alumni Center, but you can also ensure your connection to WMU remains strong at MyWMU.com. Here you can stay informed about campus and alumni news and events, peruse benefits and services offered to alumni, find out how to give back to WMU, and read about what other alumni have accomplished. We hope that one day you will share with us your own unique story. For now, please update your contact information.

As alumni, we are the University’s best ambassadors. Wherever life may take you, I hope you will enthusiastically share your Bronco pride with others.

Sincerely,

Jennifer Lentner

The University

One of the top-100 public universities in the United States, Western Michigan University is committed to being learner centered, discovery driven and globally engaged.

Founded in 1903, the University has undergone dramatic growth in size and stature during its more than 100 years of service. Today, WMU offers more than 250 academic programs to students pursuing degrees through the doctoral level. More than 20 percent of its nearly 24,000 students are enrolled in graduate course work, studying in disciplines that range from atomic physics and geosciences to medieval literature and blind rehabilitation. Of 106 graduate offerings available, 31 lead to a doctoral degree.

Recent developments include the launch of the WMU Homer Stryker M.D. School of Medicine, a partnership between the University and Kalamazoo’s two world-class teaching hospitals. The medical school accepted its first class in fall 2014. In addition, a formal affiliation in 2014 led to the establishment of the WMU Thomas M. Cooley Law School. Both the law and medical schools are private professional schools at a public university.

The Carnegie Foundation for the Advancement of Teaching classifies WMU as one of just 147 public universities in the nation with high or very high research activities. In addition, U.S. News & World Report names WMU among the nation’s best national universities, and has done so for 25 consecutive years.

Home to a thriving undergraduate honors college, WMU is one of four public universities in Michigan to be granted its own chapter of Phi Beta Kappa, the oldest and most widely recognized academic honor society in the nation. Just 100 other public universities in the country have been selected to shelter a chapter.

The University has garnered such success by encouraging an emphasis on both teaching and research. Many of WMU’s more than 900 full-time faculty members are engaged in cutting-edge research, helping to enhance the body of knowledge and, at the same time, ensuring their students have access to the most current information.

Engagement with the communities it serves, innovation and outreach to enhance economic development have become the University’s hallmarks. WMU plays an integral part in efforts to diversify the state’s economy. WMU contributes to the economy by providing talented graduates who are able to be immediately productive in their chosen fields, offering research and product development for private industry and supporting startup companies that will be the source of future jobs.

Both the faculty and the student body reflect WMU’s reputation in the world and its commitment to diversity. The University attracts students from across the nation and from some 98 other countries. Minority students comprise nearly 21 percent of the student population while international students make up an additional nearly 8 percent. WMU’s faculty members have been trained at some of the world’s finest institutions, and they bring to the campus a global perspective that enhances the learning environment.

WMU extends its reach well beyond its main campus in Kalamazoo. In addition to its robust online offerings, the University offers nearly three dozen complete degree programs to people in 30 communities around the state through WMU regional locations in Battle Creek, Benton Harbor/St. Joseph, Detroit, Grand Rapids, Lansing, Muskegon and Traverse City. The University also sponsors study abroad programs in China, France, Germany, Mexico, Russia and Spain and has exchange agreements with institutions around the globe.

The University Seal

In 1957, the year that Western Michigan University became a university, WMU art professor John Kemper made a sketch on the back of his faculty identification card that would eventually be adopted as the official seal of WMU.

The circular design by Kemper has remained the University’s official mark for more than 50 years. It has four components:

- **Five stars** that symbolize the main academic units in place when WMU gained university status—the schools of Applied Arts and Sciences, Business, Education, Liberal Arts and Sciences, and Graduate Studies
- **A tree** that signifies the University’s continuing growth, while its roots acknowledge the institution’s firm planting through its creation by the Michigan Legislature in 1903
- **A stone arch** that symbolizes a gateway to knowledge as well as solid growth, while the missing keystone indicates the University’s growth is incomplete, with much more remaining to be accomplished and discovered
- **A pyramid**, which stands for the building of knowledge and features a flame at its apex to signify enlightenment—WMU’s true purpose.

Prior to the current design, four different seals represented the University under its various names. The first two emblems were circular and modeled on components of Michigan’s state seal. The two subsequent seals were rectangular and featured depictions of campus buildings.
Honors Accessories

WMU acknowledges that honors accessories worn with a graduation gown signify milestones of success during a student’s studies. WMU salutes all graduates with honor cords, medals, medallions, pins, stoles, and sashes.

Academic Regalia

The use of academic dress stems from costumes worn in universities in the fourteenth and fifteenth centuries, particularly at Cambridge and Oxford in England. Since colonial times, it has been worn in the United States and was standardized by an Inter-collegiate Code in 1895.

The major distinguishing characteristics of the gowns are the sleeves, styled in the following fashions: bachelor, long pointed; master, oblong; and doctor and specialist, bell shaped. The doctor’s gown has a velvet collar, facing and three bars on the sleeves. The specialist’s gown differs from a doctor’s in that it has no sleeve bars.

Masters, specialists and doctors wear hoods lined with the official colors of the university from which the degree is granted. They vary in size and shape to indicate the several degrees. The doctor’s hood is the largest and most lavishly decorated. The color of the velvet that circles the opening of the hood shows the degree earned—silver for doctor of audiology, light blue for doctor of education, dark blue for doctor of philosophy, peacock blue for doctor of public administration.

Caps are mortar boards with the tassel worn over the left front quadrant. The tassel’s color indicates the academic program area.
