EMERITI COUNCIL: Officers, Co-Chairs, David Peterson (July—Dec.) and Andy Brogowicz (Jan—June), Emily Hoffman—Secretary, Larry Schlack—Treasurer and Newsletter Editor, James Bosco, Sandra Edwards, John Geisler, John Houdek, Garrard Macleod, Hal Ray, Nancy Schullery, and Joyce Zastrow.

MESSAGE FROM THE CO-CHAIR: Andy Brogowicz

Delay in “Going Paperless”

Thanks to all who mailed in our survey form requesting paper copies of the Emeriti News or who sent Co-Chair David Peterson their email contact information. Upon further investigation, we discovered that the email distribution list we have been using to send out announcements and newsletters was missing many emeriti and spouses. To ensure communicating with all emeriti and spouses, we’re working with Western staff to improve both our email distribution list and our USPS mailing list. A second reason for the delay is that WMU is in the process of replacing Webmail Plus as its email system with W-Exchange, powered by Microsoft Office 365. More details about this development appear later in this newsletter. For now, suffice it to say that the migration from Webmail Plus to W-Exchange has been delayed until after the close of the Spring Semester, and emeriti and retirees will be among the last groups to have their WMU email accounts migrated to W-Exchange. Meanwhile, please remember that you can always view Emeriti Council contact information, copies of the Emeriti News, a list of coming events, and copies of Council meeting minutes on the emeriti website at wmich.edu/emeriti. In an effort to save funds, production of the newsletter will be in black and white.

Wednesday Ills Returning to Heinig Emeriti Lounge in January 2017

We’ve received several inquiries as to why the Wednesday Il presentations are not being held in the Heinig Emeriti Lounge in West Walwood Hall. In short, we had to abandon Walwood temporarily and move our Council meetings and Wednesday Il presentations to the Zhang Legacy Collections Center on Oakland Drive, due to the construction activity on East Campus during the demolition of the Speech and Hearing Building, West Hall, North Hall and the renovation of Heritage Hall. With the demand for campus meeting space always in high demand, it has taken us awhile to get back into the room scheduling queue for the Heinig Emeriti Lounge. However, we recently began holding our Emeriti Council meetings there again, and we’re happy to report that our Wednesday Il presentations will be returning to the Heinig Emeriti Lounge starting in January, 2017. Meanwhile, we would like to express our sincere gratitude to Sharon Carlson, Director of Archives and Regional History Collections, and her staff for their gracious hospitality in allowing us to hold our Council meetings and Wednesday Il presentations at the Zhang Legacy Collections Center.

WMU Email System Migration
In case you haven’t heard, Western is in the process of replacing its Webmail Plus email system with W-Exchange, powered by Microsoft Office 365. We don’t know all the details, but we have been told that all emeriti and retiree email accounts will be migrated to W-Exchange and will remain active. Your @wmich.edu email address will remain unchanged, and your email, email folders, address books, calendar appointments, briefcase files, email filters and signature from Webmail Plus will all be migrated to W-Exchange email. Originally, this was supposed to take place during the Spring semester. However, Western recently announced that "Migration to W-Exchange email has been delayed."

"Because of technical issues, faculty and students will not be migrated to the new W-Exchange email system this semester. A new schedule will be set once testing of the data migration methodology is completed. The Office of Information Technology will be working with its partners in the Faculty Senate Academic Information Technology Council and with the IT directors across campus on a revised schedule for all members of the WMU community. Updates on this project can be found on the W-Exchange website, http://wmich.edu/email."
ANNOUNCEMENTS & GENERAL NEWS CONTINUED:

We have been informed that emeriti, retirees and alumni will be the last groups to migrate to W-Exchange email. IT staff will be communicating by email with emeriti and retirees about the migration, and information about presentations and training for WMU retirees will be published at a later time. For further information, go to http://wmich.edu/email/migration.

Emeriti Council Scholarships

Of the many contributions emeriti have made and continue to make to Western Michigan University, we are especially proud of the strong scholarship support emeriti provide for our students.

Emeriti Council Book Scholarships

Thanks to your generous support, 20 deserving undergraduate students were each awarded a $400 Emeriti Council Book Scholarship for the Spring Semester to help them purchase textbooks and supplies. The Office of Student Financial Aid & Scholarships selected the recipients on the basis of financial need and academic merit. To date, 259 students have been awarded a total of $92,000 since the Emeriti Council established the Book Scholarship Fund in 2005. The recipients often send the Council thank-you notes expressing their surprise and gratitude for this unexpected help toward meeting their education costs. One student recently wrote:

"Thank you so much for the generous scholarship awarded by the Emeriti Council. I am honored to be one of the recipients...As you know, textbooks can be very expensive, especially the ones needed for accounting and finance classes. This scholarship will go a long way toward covering these costs this semester and ease my financial burden."

Another student majoring in Pre-English Secondary Education wrote:

I would like to take the time to share my gratitude with you for the generous scholarship I received. I am beyond grateful for having been selected for the Emeriti Council Textbook Scholarship. The money will be spent on textbooks for my upcoming semester. Thank you again for your generosity. I am honored to accept this scholarship.

With the gifts already received this year, we are just a few hundred dollars short of achieving our goal of awarding $10,000 in book scholarships for the coming 2016-17 academic year. If you have not already sent in your gift this year, or if you are able to give a little more, please help us achieve our goal so we can help as many students as possible. Your tax-deductible gift to the Emeriti Council Book Scholarship Fund can be made online at MyWMU.com/emeriti. Or if you prefer, you can use the gift-giving form attached to the back of this newsletter. Be sure to write your gift designation on the form.

Emeriti Medallion Scholarships

WMU’s Medallion Scholarship is the highest merit-based scholarship offered at the University, and is among the largest merit-based scholarship programs in American higher education. Effective this coming fall, each Medallion Scholarship will be valued at $60,000 across four years ($15,000 per year). The Medallion Scholarship Program was a vision of the late J. Michael Kemp, University Trustee Emeritus, who believed it was equally important to recruit academic scholars to compete in scholarship and academic recognition, as it was to recruit athletes to compete in athletic competition. He felt through the creation of a scholarship based exclusively on academic merit and ability, the best and brightest of high school students would be attracted to the University and continue to give Western a strong academic reputation. The program was established in 1983 with its first stipends awarded in 1984. Approximately 50 percent of all students who participate in the yearly Medallion competition enroll at WMU. The program has been credited in playing a significant role in increasing the academic quality of enrolling students, therefore achieving one of J. Michael Kemp’s ultimate goals.

The Emeriti Council supported the participation of emeriti in Western’s “Partners in Progress” fundraising drive in 1980 and soon began encouraging gifts in support of an Emeriti Medallion Scholarship. The first Emeriti Medallion Scholarship was awarded in 1985-86, and by the late 1980s enough money had been raised to establish an endowed Emeriti Council Medallion Scholarship Fund.
To date, 12 Emeriti Medallion Scholarships have been awarded. The Emeriti Council maintains a relationship with its sponsored Medallion scholars, inviting them to meet for lunch once a semester and inviting them as special guests at Council events.

**MEDALLION SCHOLARS UPDATES**

**Emeriti Council Medallion Scholar Set to Graduate**

**Garettte Gagnon**

This spring semester has been flying by far too quickly. I will be graduating at the end of the semester. At which point I will be able to put all my energy toward the many activities I involve myself in. I have been working at two recording studios, Overneath Creative Collective and Western Sound Studios, as well as Farmers Alley Theatre and several freelance audio and video projects.

My academics this semester have been progressing with my Capstone project, which I will be presenting as my Honors Thesis on April 22nd at 7:30 pm in the Dalton Lecture Hall. This semester has also included singing in the University chorale for the last time and directing the WMU Bronchords for the last time. I am thrilled to move forward with the many freelance and part-time opportunities I have been given and I am absolutely honored that I come from such an elite and dedicated school as WMU. I thank the Emeriti Council for sponsoring me throughout my college career. For your support, I am deeply indebted, and forever grateful.

**Ana Del Rocio Morales**

This has been a busy and productive year as I continue to enjoy my theater production program.
Aisha M. Thai

As a chemical engineering student, I've been keeping pretty busy with all my classes. Moreover, I'm a lab assistant with one of the professors at the CEAS, who is doing heart research on cholesterol and lipid oxidation. I think it's super exciting, and it definitely keeps me motivated with my classes.

This past weekend there was a Medallion reunion and a donor event at BroncoCon, both of which I attended. There were a lot of friendly faces, if not familiar ones. At BroncoCon I met one of the Emeriti Council members and his wife, both of whom prompted me to reply to this email before I forgot! It was lovely to meet them both. I've also been involved with a few different RSO's this past semester: Advocates for Refugees in Crises (ARC), Blessings from Broncos, Innovation Club, and the Muslim Student Association. ARC had been super exciting of late, due to a family of 6 from the Congo arriving two weeks ago and a Syrian family arriving next week. ARC also facilitated a collaboration between varying community organizations in the area and from Grand Rapids in order to bring together everyone's efforts and to keep the different organizations appraised of the others' works. Blessings from Broncos is the 2015 Medallion class's choice project, an extension of a previously established Blessings in a Backpack program I'm currently the Program Coordinator for. Summarily, BIB provides underprivileged elementary aged students with food packs to take home on the weekends. As volunteers, we come together and put those food packs together twice a month. And finally, with MSA, we've slowly but surely come together to continue the long legacy of MSA's before us, and hope to have an ice cream social before exams, and to help organize a Day of Dignity for the Kalamazoo community for next year, which is a day meant to help the homeless. With a general goal of spreading Islamic awareness and connecting Muslims with each other and with those of other faiths, we aim to thereby enhance the academic, personal, social, and cultural well-being of WMU and Kalamazoo.

As you can see, I'm definitely taking advantage of everything I'm being offered here at WMU! I'm super grateful and blessed to have all the opportunities I do.

In April 2014, The Bernard Osher Foundation challenged the Academy of Lifelong Learning at WMU to demonstrate its potential for maintaining sustainable programming for a lifelong learning program for mature adults aged 50 plus.

On Nov. 17, 2015, WMU President John M. Dunn announced that The Bernard Osher Foundation awarded the Osher Lifelong Learning Institute at Western Michigan University a $1 million gift to set up an endowment in support of the community-wide effort that offers courses and trips to hundreds of residents annually. OLLI at WMU is the 118th member of the foundation's famed national network of lifelong learning institutes.

A number of emeriti in the Kalamazoo area have volunteered to teach courses for OLLI. We continue to recruit new instructors. If this sounds interesting to you, please check the website wmich.edu/olli/become-instructor.

Emeriti near and far who wish to join OLLI at WMU ($35 a year) may contact the office at (269) 387-4200 or wmich.edu/olli. A special thanks to emeriti who have become active in OLLI by teaching and by taking courses.
