Spanish with Internship or Service

Spring 2023

Professor Michael Millar

This course will provide students a valuable opportunity to utilize and improve their Spanish communication skills through internship or service learning experience in the Kalamazoo community. Students will work closely with public schools, hospitals and clinics, community services, legal offices and other local organizations to assist in their projects and outreach to Kalamazoo's hispanic population. The class will meet one day a week while other course hours will be completed on-site with students' service projects and internship coordinators. Scholarship and grant opportunities are available to support individual initiatives. Weekly meetings will focus on discussion of students' internship and service-learning experiences, readings on issues facing the hispanic population in Michigan and in the U.S., as well as conversations with invited guest speakers from the Kalamazoo community.

Spanish majors must have completed a minimum of 12 hrs. of Spanish in courses at the 3000-level or above by Spring 2023; students must have permission from the professor to register.
