ACADEMIC ADVISORS will be available from 1:30pm to 4:00pm for individual assistance.

Get started on the right track. Prior to registering for your first semester of classes, you must contact your academic advisor. By doing so, you will ensure that you are taking the appropriate courses - not duplicating work already completed, in progress or planned. In addition, you will be able to begin the process of planning for future semesters. Course registration may already be open for the session/semester you plan to start. You cannot register for classes until you contact your academic advisor.
