10. Intended date of graduation

Preliminary Consultation:
Student, Dissertation advisor, and GC statistician meet with Dr. Joshua Naranjo in SCC at Dept. of Statistics for the first time. GC statistician generates report with oversight of Dr. Naranjo. Dr. Di Pierro reviews report and disseminates it to student and student's advisor.

Student goes to the Graduate College for continued consultation thereafter

GC statistician reviews required documents and schedules meeting

Consultation takes place:
In person, Phone call or Skype
Other: E-mail

After each advanced consultation, the GC statistician writes a report
1. Report reviewed by Dr. Di Pierro
2. Report sent to student and advisor
3. Link to satisfaction survey sent to both student and advisor
4. Survey results reviewed to determine outcomes and to enhance the process

Student requests additional meetings with GC statistician
