

Western Michigan University
FCS2020 and FCS4290 Professional Experience
Site Placement Information

Following is a list of organizations at which previous students have successfully completed professional experiences as well organizations that are currently seeking students for placement. You are not required to choose a site from this list, however, if you are looking for a field experience or internship placement there are an array of possible sites available. If there are not sites listed in your direct area, use the list to give you ideas to investigate similar organizations in the city of your choice. Organizational websites and supervisor contact information are given as available.

Take the time to investigate a company prior to contacting the organization. Be prepared and be professional. Remember that you have only one chance to make a first impression.

Set up an appointment with the site supervisor to discuss the job responsibilities that will be expected of you as well as work schedules to be sure that the needs of the organization match your availability. Provide the supervisor with a copy of the Letter for Prospective Supervisor located on the professional experiences website which outlines what will be expected of the supervisor during your professional experience.

For questions about placement at any given site, contact the site directly. For questions or information about FCS2020 Field Experience and FCS4290 Internship courses, contact the professional experiences coordinator for family studies and child development majors, Robin Gallagher at robin.l.gallagher@wmich.edu.

Below you will find site information for:

- ❖ Kalamazoo and surrounding area
- ❖ Grand Rapids and surrounding area
- ❖ Greater Michigan area
- ❖ Out of State/Country
- ❖ Nationwide Organizations
- ❖ General Organizations

Note: Accepting internship students only for this position: This is an administrative position working with families. The Great Start Collaborative is a system building program to assure that there is a coordinated system of community resources to support Kalamazoo County families so that they can provide a great start for their children. This is an excellent opportunity for students striving to get experience with the background/administrative workings of an organization serving families as opposed to working with children directly.

"We would like to extend an opportunity for you to teach overseas. Internships are available working with Child Development Centers on U.S. Military Bases in Germany, Italy, the Netherlands, Belgium, and the U.S. (Florida and Hawaii). The program provides services primarily to toddlers and infants; some staff may serve in school-age care. Travel and housing are paid in addition to a daily living stipend."

Include your phone number/cell number and address. Please briefly describe your experiences working with children as well as your educational background. Prior experience with children or youth is required. The subject line of your email should say INTERNSHIP.
