

ENGINEERS WEEK 2010

February 14 – 20

Schedule of Events

Reach. Respect. Recognize.

The National Engineers Week Foundation strives to be the global leader in cultivating and celebrating the engineering profession. In order to prepare for the future, we must work together because none of us is as strong as all of us. Engineers make a world of difference!

Date/Time	Event	Other information
Monday 02/15/2010 3:30–4:30 pm	Quarter roll Who can roll a quarter down the hallway the furthest?	You can participate at any time during this one hour block. To be held in the hallway outside advising.
