Approval of New Programs. Following a motion by Trustee Miller, supported by Trustee Anthony, the following programs were approved.

Ph.D. in Evaluation – The program, effective fall 2003, is the result of the collaborative efforts of the WMU Evaluation Center and the Colleges of Arts and Sciences, Education, Engineering and Applied Sciences and Health and Human Services. As indicated, the program will prepare evaluation specialists who can work in a variety of sectors and determine how to improve products, services, systems policies and programs.

Ph.D. in Spanish – As indicated, the new program, effective fall semester 2003, will enhance students’ comprehension and appreciation of the breadth and culture of Hispanic culture. The requirements will include a reading knowledge of a language other than Spanish and English and a six-month teaching, study or residential experience in a Spanish-speaking country.

Ph.D. in Educational Leadership – Effective fall semester 2003, the program, with a concentration in higher education leadership, is designed to provide a terminal degree for administrators, faculty and others working within institutions of higher education or other adult learning environments and/or those preparing to work within such institutions. The concentration has been developed to support working professionals, with non-traditional course delivery formats, including on-line and other distance learning techniques, weekend courses and intensive summer classes.

Graduate Certificate Program in Ethnohistory – The program, also effective fall semester 2003, is a collaboration between the departments of Anthropology and History and has been developed to supplement graduate-level study by allowing students to focus on ethnohistory, which applied research techniques and theoretical approaches from the fields of anthropology and history to the study of cultures. As indicated, it will be especially useful to those employed in museums, archives and libraries.

Major in Personal Financial Planning – The creation of this major in the Department of Finance and Commercial Law will blend well with a current major in Finance and its three concentrations – financial management, financial institutions and investments – and will allow the department to market more effectively an academic area which is in great demand at this time. The major provides the formal academic training necessary for preparation for the certification process leading to the Certified Financial Planner designation and is effective fall semester 2003.

Interdisciplinary Major in Global and International Studies – Effective fall 2003, the single new, interdisciplinary major will replace an assortment of largely outdated, underenrolled coordinate majors – Latin American Studies, European Studies, Asian Studies and Russian and European Studies – and will improve access to existing faculty expertise in area studies.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF WESTERN MICHIGAN UNIVERSITY, AS FOLLOWS:

1. The Board hereby approves the definition of the term "Project" as set forth on Exhibit A attached hereto, and authorizes the Authorized Officers, or either of them, to (i) select the portion of the Project to be financed, in whole or in part, from the proceeds of the Bonds, and to fund, as appropriate, the remaining portion of the costs of the Project from available funds of the University or other available funds, and to proceed with the acquisition, equipping and construction of the Project, and (ii) determine which, if any of the outstanding General Revenue Bonds of the Board shall be refunded, based on whether such refunding would produce interest costs savings, more favorable debt service schedules, or more flexible documentation, and to cause to be called for redemption such of the those bonds as are appropriate and consistent with the foregoing objectives.

2. The Board hereby authorizes the issuance, execution and delivery of the Bonds in one or more series to be designated GENERAL REVENUE BONDS, with appropriate series designations, if any, in the aggregate original principal amount to be established by an Authorized Officer, but not to exceed the principal amount necessary to produce proceeds of Fifty Four Million Dollars ($54,000,000). The Bonds shall be dated as of the date or dates established by an Authorized Officer, and shall be issued for the purpose of providing funds which, together with other available funds, will be used to pay all or a portion of the costs of
refunding the Bonds to be Refunded, all or a portion of the costs of the Project, including, if
determined to be appropriate by an Authorized Officer, capitalized interest related to all or a
portion of the Project for a period specified by an Authorized Officer, and all or a portion of the
costs related to the refunding and the issuance of the Bonds, including the costs of bond
insurance premiums or other credit or liquidity facilities, if appropriate. The Bonds shall be serial
Bonds or term Bonds, which may be subject to redemption requirements, or both, as shall be
established by an Authorized Officer, but the first maturity shall be no earlier than January 1,
2004 and the last maturity shall be no later than December 31, 2043. The Bonds may bear no
interest or may bear interest at stated fixed rates for the respective maturities thereof as shall be
established by an Authorized Officer, but the highest yield (computed using the stated coupon
and the stated original offering price) for any maturity shall not exceed 6.0% per annum, and the
Bonds may be issued in whole or in part as capital appreciation bonds, which for their term or
any part thereof bear no interest but appreciate in principal amount over time at compounded
rates (not in excess of 6.0% per annum) to be determined by an Authorized Officer. Alternatively,
all or part of the Bonds may bear interest at a variable rate of interest for all or a
portion of their term, and the variable rate of interest shall not exceed the lesser of the maximum
rate permitted by law or the maximum rate, if any, to be specified in the Trust Agreement. In
addition, all or part of the Bonds may be issued in related series, one of which bears interest at a
variable rate and one of which bears interest at a residual rate determined by subtracting the
variable rate from the fixed rate paid by the Board, but the combined rate on such Bonds, taking
the two related series together, which shall be determined by an Authorized Officer, shall not
exceed 6.0% per annum. The Bonds may be subject to redemption or call for purchase prior to
maturity at the times and prices and in the manner as shall be established by an Authorized
Officer, but no redemption premium shall exceed 3% of the principal amount being redeemed.
Interest on the Bonds shall be payable at such times as shall be specified by an Authorized
Officer. The Bonds shall be issued in fully registered form in denominations, shall be payable as
to principal and interest in the manner, shall be subject to transfer and exchange, and shall be
executed and authenticated, all as shall be provided in the Trust Agreement. The Bonds shall be
sold to the Underwriter pursuant to the Bond Purchase Agreement for a price to be established by
an Authorized Officer (but the Underwriter’s discount, exclusive of original issue discount, shall
not exceed 0.75% of the principal amount thereof) plus accrued interest, if any, from the dated
date of the Bonds to the date of delivery thereof.

In relation to the debt service on the Bonds, or in relation to all or any portion of the
Outstanding Bonds, either of the Authorized Officers may, at any time, on behalf of and as the
act of the Board, enter into an interest rate swap, cap or similar agreement or agreements
(collectively, the “Swap Agreement”) with a counter-party or counter-parties to be selected by
the Authorized Officer. Such Swap Agreement shall provide for payments between the Board
and the counter-party related to interest on all or a portion of the Bonds or the Outstanding
Bonds, or to indexed or market established rates. If the Swap Agreement is entered into in
connection with the issuance of the Bonds, the expected effective interest rates on the Bonds,
taking into account the effect of the Swap Agreement, shall be within the limitations set forth
herein.

Any or all of the Bonds may be made subject to tender for purchase at the option of the
holder thereof. The obligation of the Board to purchase any Bonds subject to tender options may
be made payable from General Revenues, from available cash reserves of the University, subject
to such limitations as may be specified in the Trust Agreement, or from a letter of credit, line of credit or other liquidity device (the "Liquidity Device"), or any combination thereof, all as shall be determined by an Authorized Officer and provided for in the Trust Agreement. Any reimbursement obligation for draws under the Liquidity Device shall be a limited and not a general obligation of the Board, payable from and secured by a pledge of General Revenues. Either Authorized Officer is authorized to execute and deliver, for and on behalf of the Board, any agreements or instruments necessary to obtain, maintain, renew or replace, and provide for repayments under, any Liquidity Device deemed by such officer to be required for the purposes of this Resolution. Purchase obligations shall not be considered as principal or interest on the Bonds. In the alternative, any or all of the Bonds may be subject to rights on behalf of the holders thereof to tender their Bonds for purchase by the market through a dutch auction procedure, subject to a specified maximum interest rate not in excess of the lesser of the maximum rate specified by law or the rate specified in the Trust Agreement.

3. The Bonds, and the obligations of the Board under the Swap Agreement and the Liquidity Device, if any, shall be limited and not general obligations of the Board payable from and secured, on a parity basis with the Outstanding Bonds, by a lien on the General Revenues and moneys, securities or other investments from time to time on deposit in certain funds created pursuant to the Trust Agreement or agreements entered into in connection with the Swap Agreement or Liquidity Device. Except as otherwise determined by an Authorized Officer, as provided below, the lien shall be on a parity basis with the liens on General Revenues securing the Outstanding Bonds.

No recourse shall be had for the payment of the principal amount of or interest or premium on the Bonds, the Swap Agreement or the Liquidity Device, or any claim based thereon, against the State of Michigan, or any member or agent of the Board (including, without limitation, any officer or employee of the University), as individuals, either directly or indirectly, nor, except as specifically provided in the Trust Agreement or the instruments entered into in connection with the Swap Agreement or the Liquidity Device, if any, against the Board, nor shall the Bonds and interest with respect thereto, or any obligations of the Board in connection with the Swap Agreement or Liquidity Device, if any, become a lien on or be secured by any property, real, personal or mixed, of the State of Michigan or the Board, other than General Revenues and the moneys, securities or other investments from time to time on deposit in certain funds established as pledged pursuant to the Trust Agreement or agreements entered into in connection with the Swap Agreement or Liquidity Device, if any.

Any pledge of General Revenues, and funds specified in the Trust Agreement or agreements entered into in connection with the Swap Agreement or Liquidity Device, if any, shall be valid and binding from the date of the issuance and delivery of the Bonds or such agreements, and all moneys or properties subject thereto which are thereafter received shall immediately be subject to the lien of the pledge without physical delivery or further act. The lien of said pledge shall be valid and binding against all parties (other than the holders of any other bonds, notes or debt obligations secured by a parity first lien on General Revenues) having a claim in tort, contract or otherwise against the Board, irrespective of whether such parties have notice of the lien.
Notwithstanding anything herein to the contrary, any obligations of the Board under the Swap Agreement or any agreement with respect to the Liquidity Device may, if determined appropriate by an Authorized Officer, be payable and secured on a subordinated basis to the Bonds and other General Revenue obligations of the Board.

4. The right is reserved to issue additional bonds, notes or other obligations payable from and secured on a parity basis with the Bonds and the Outstanding Bonds from the General Revenues, upon compliance with terms and conditions therefor as shall be set forth in the Trust Agreement.

5. Either Authorized Officer is hereby authorized and directed, in the name and on behalf of the Board, and as its corporate act and deed, to select the Trustee, and to negotiate, execute and deliver the Trust Agreement. The Trust Agreement may contain such covenants on behalf of the Board and terms as such officers deem appropriate and as shall be approved by the Office of the General Counsel, including, but not limited to, covenants with respect to the establishment of General Revenues at levels expressed as a percentage of debt service on the Bonds or all General Revenue Bonds, and with respect to the issuance of additional bonds, notes or other obligations payable from and secured by General Revenues. In addition, either Authorized Officer is hereby authorized, empowered and directed to negotiate, if necessary and expedient for the issuance of the Bonds, for acquisition of bond insurance and to execute and deliver an insurance commitment or other documents or instruments required in connection with such insurance.

6. Either Authorized Officer is hereby authorized and directed, in the name and on behalf of the Board and as its corporate act and deed, to select the Underwriter and to negotiate, execute and deliver the Bond Purchase Agreement and Remarketing Agreement or Broker Dealer Agreement, if necessary, with the Underwriter setting forth the terms of the Bonds and the sale thereof, in the forms as an Authorized Officer may approve upon recommendation of the Office of the General Counsel, all within the limitations set forth herein.

7. Either of the Authorized Officers is authorized, empowered and directed, in the name and on behalf of the Board, and as its corporate act and deed, to execute the Bonds by manual or facsimile signature and, if deemed appropriate, to impress or imprint the University seal thereon, and either of the Authorized Officers is authorized to deliver the Bonds to the Underwriter in exchange for the purchase price thereof, as provided in the Bond Purchase Agreement.

8. Either Authorized Officer is hereby authorized to cause the preparation of a Preliminary Official Statement, if necessary, and an Official Statement with respect to the Bonds, and to execute and deliver the Official Statement. The Underwriter is authorized to circulate and use, in accordance with applicable law, the Preliminary Official Statement, if any, and the Official Statement in connection with the offering, marketing and sale of the Bonds.

9. The President, the Vice President for Business and Finance and Treasurer, the Secretary of the Board, the Assistant Vice President for Finance, the General Counsel or any Associate or Assistant General Counsel, and all other appropriate officers or representatives of the Board or the University and each one of them, are authorized to perform all acts and deeds
and to execute and deliver for and on behalf of the Board all instruments and documents (including an Escrow Deposit Agreement with an Escrow Agent to be selected by an Authorized Officer, and a direction to the Underwriter or the Escrow Agent to subscribe for securities necessary to accomplish the refunding) required by this resolution, the Trust Agreement, or the Bond Purchase Agreement, or necessary, expedient and proper in connection with the issuance, sale and delivery of the Bonds, as contemplated hereby. Any reference to an officer of the Board or the University herein shall include any interim or acting officer appointed by the Board. Any action required under the Trust Agreement, Bond Purchase Agreement, Swap Agreement, agreement entered into in connection with the Liquidity Device or any other instrument related to the Bonds, either in connection with the issuance of the Bonds or in connection with the ongoing administration of the financing program related to the Bonds, may be taken by and on behalf of the Board by an Authorized Officer.

10. In accordance with the requirements of Rule 15c2-12 of the United States Securities and Exchange Commission, the Board may be required in connection with the issuance of the Bonds to enter into a Disclosure Undertaking for the benefit of the holders and beneficial owners of the Bonds. Either Authorized Officer is authorized to cause to be prepared and to execute and deliver, on behalf of the Board, the Undertaking.

11. Any resolutions or parts of resolutions or other proceedings of the Board in conflict herewith are hereby repealed insofar as such conflict exists.

The major will be offered jointly by the departments of Chemistry and Geosciences and will require the addition of only one course, with no new costs associated with the program. As indicated, the program was initiated in response to the demand in the environmental industry for graduates who have an understanding of geochemical processes and offers students the opportunity to combine study in the two areas.

Following a motion by Trustee DeNooyer, supported by Trustee Holden, the Board of Trustees approved the restructuring of School of Community Health Services by deleting the name and reconfiguring its programs. Vehicle Registration Rates.
(Prior to the vote, Brad Salisbury, engineering student, spoke re his concerns about parking/permits at the new College of Engineering and Applied Sciences. It had been determined earlier that student permits could be purchased for parking at either the main campus or the Parkview campus and were not interchangeable. Bus transportation will be available to/from the campus where the permits are not valid.)

Following discussion re parking permits, on a motion by Trustee Holden, supported by Trustee Miller, the increased vehicle registration rates were approved, effective fall semester 2003. Conveyance of Property in BTR Park in Southwest Michigan Innovation Center, Inc. As moved by Trustee Holden, supported by Trustee Miller with Trustee DeNooyer abstaining, the Board of Trustees authorized the treasurer/assistant treasurer to enter into an agreement to convey Unit 15 and 16, and an option to acquire Unit 14, of the Western Michigan University Business, Technology and Research Park to Southwest Michigan Innovation Center, together with a first amendment to the previously executed Agreement to Lease Property, a covenant deed, a termination of land lease, and all other necessary documents and agreements relative to these and/or previous transactions, under existing recorded requirements and also those terms, conditions, restrictions, and/or use covenants deemed appropriate by the administration to be in the best interests of the University.

Conveyance of Property in BTR Park to Southwest Michigan Innovation Center, Inc.

Background

Attached is an Agreement to Convey Property and First Amendment to Agreement to Lease Property, together with a proposed covenant deed and termination of land lease. This agreement was executed with the condition that it is subject to approval by the WMU Board of Trustees. The documents were prepared to effectuate the conveyance of Units 15 and 16 of the BTR Park to Southwest Michigan Innovation Center, Inc. (SMIC). At the time of such conveyance, the Land Lease dated March 18, 2002, would be terminated. The conveyance of this land was requested by SMIC, and agreed to by the University, in order to, among other things, remove any questions about the taxability of the property and the building and improvements built on it.

The University and SMIC entered into an Agreement to Lease Property dated February 19, 2002. This agreement was a comprehensive document containing all of the original terms and provisions relating to the leasing of the land by the University to SMIC and the development of the project by SMIC. This agreement also granted to SMIC the option of adding Unit 14 to the Land Lease, and to the project, in the future.

Rather than suggesting that the University enter into a new agreement with SMIC providing for the conveyance of the land, together with a second document amending or terminating the Agreement to Lease Property, the administration recommends an agreement to convey the property in conjunction with an amendment to the original Agreement to Lease Property. The proposed agreement and first amendment provides for continuity with respect to the initial agreement, amends some of the original undertakings of the parties, perpetuates SMIC’s right to add Unit 14 to the project, albeit by conveyance rather than by land lease, and also provides for the transfer of ownership of the property from the University to SMIC.

The deed conveying the property to SMIC will contain several of the provisions that were previously contained in the Land Lease, and which have been included in documents effectuating the sale of other lots in the BTR Park. These provisions include: (1) the University’s right of first refusal, that is, the University is given the right to re-purchase the property by matching any offer from a third party to acquire the property from SMIC; (2) the requirement that the property be used as a business incubator and for other purposes that strengthen the University’s capability to carry out its mission and to improve educational or other opportunities for its faculty and students.

SPECIAL TRIBUTE

To

JEFFREY BRENEMAN

LET IT BE KNOWN, That it is with deep appreciation of the diversity of talents that must come together for educational excellence to be possible, we honor Jeffrey Breneman upon the occasion of his departure from Western Michigan University. As Jeffrey Breneman brings to a close his service as Vice President for Legislative Affairs, we add our voice of thanks to those of the professors, students, and staff throughout Michigan.

As anyone who has spent much time around the process of education can attest, there are fewer endeavors more complex than education. The old African adage, "It takes a whole village to educate a child," certainly rings true, even in this age of computers and the Internet. Professors, administrators, and specialists, among others, all have important roles to play in helping young adults become motivated and productive students. Each of these people, in turn, serves to complement the work started at home by parents and family.

In his work as Vice President for Legislative Affairs over the past 5 years, Jeffrey Breneman has been part of this challenging task. Jeffrey Breneman has done an exceptional job by effectively working with both state and federal levels to help attain adequate funding for Western Michigan University. With his heartfelt concern for young adults and the realization of the importance of learning in our swiftly changing world, Jeffrey Breneman has helped countless students and strengthened our state and its future.

IN SPECIAL TRIBUTE, Therefore, This document is signed and dedicated to thank Jeffrey Breneman for his commitment to Western Michigan University as the Vice President for Legislative Affairs. May he be as successful in his new position as he was at Western Michigan University.

EXHIBIT "1"

Property located in the City of Kalamazoo, County of Kalamazoo and State of Michigan, and described as follows:

Units 15 and 16 of Western Michigan University Business, Technology and Research Park, according to the Master Deed recorded at Docket No. 2001-018722, and the First Amendment to Master Deed recorded at Docket No. 2002-003549, designated as Kalamazoo County Condominium Subdivision Plan No. 134, together with rights in common elements as set forth in the Master Deed and as described in Act 59 of the Public Acts of 1978, and amendments thereto.
Grantee, by acceptance of delivery and the recording of this Covenant Deed, acknowledges and agrees that the ownership and use of the subject property shall be subject to the following restrictions and covenants:

1. **Land Affected.** All of the property described on Exhibit “A” as attached and annexed hereto (the “Property,” herein) shall be subject to and be bound by the terms of this instrument.

2. **Use of Property.** The Property shall only be used for a business incubator as defined in Act 248 of the Year 2000 Public Acts of Michigan, and related and ancillary uses, and such other uses only as shall be mutually agreed upon in writing by Grantor and Grantee. Grantee acknowledges that it is the intent and purpose of Grantor in undertaking the development of the “Western Michigan University Business, Technology and Research Park,” located in the City of Kalamazoo, Michigan (the “BTR Park,” herein) to enhance the competitive and economic environment of the City and County of Kalamazoo and the State of Michigan by collaborating with private, non-profit and public sector entities, and at the same time, strengthening the capabilities of the Grantor to carry out its mission and to improve educational and other opportunities for its faculty and students. Accordingly, it is also acknowledged by Grantee that all such uses undertaken on or within the Property as aforesaid shall fulfill the foregoing purposes.

3. **Right of First Refusal.** Should Grantee receive an offer to purchase from, or seek to sell, convey, transfer or assign all or any part of the Property in a bona fide transaction to, any other party, Grantee shall first offer to sell and convey the Property to Grantor. Notice of such proposed sale shall be given to the Grantor in writing and shall consist of an offer to sell the Property to Grantor upon the same terms and conditions as proposed to the outside party. Grantor may elect to purchase all, but not less than all, of the Property, and Grantor shall exercise its election to purchase by giving written notice thereof to Grantee within thirty (30) days after receipt of such offer. The notice shall specify a date for closing which shall be within thirty (30) days after the date of notice, and the purchase shall be closed upon the same terms and conditions as contained in the offer, except as may be otherwise agreed upon in writing by the parties. If Grantor does not furnish its notice as aforesaid within the thirty (30) day period, Grantor’s right to elect to purchase shall be deemed to have been waived, and the sale and conveyance to the outside party may proceed; provided, however, that Grantor’s rights to purchase as provided for herei shall apply to any proposed sale, conveyance or transfer or assignment of the Property by the purchaser from Grantee, and by any subsequent purchaser of the Property. Notwithstanding the foregoing, at a closing of the purchase of the Property by Grantor, the Grantee shall furnish to Grantor a policy of title insurance issued by a company acceptable to Grantor in an amount equal to the purchase price of the Property, showing that title to the Property is free and clear of all encumbrances, and subject only to the Master Deed and Declaration, as the same may have been amended, the provisions of this Covenant Deed, tenants’ rights and easements and rights-of-way of record. The conveyance of Grantee’s interest to Grantor shall be in the form of a covenant deed conveying fee simple title to the Property and all improvements thereon, and current real property taxes on the Property shall be prorated to the date of closing in the custom and manner followed in Kalamazoo County.
4. **Reduction in Purchase Price.**

   A. The Property has an estimated fair market value of Five Hundred Eighty Four Thousand and No/100 Dollars ($584,000.00) ("Land Value"), but the Property has been conveyed to Grantee for nominal consideration. The Property was conveyed by Grantor to Grantee for nominal consideration on account of the intentions and purposes of the parties as expressed in paragraph 2, above. Grantee also acknowledges that Three Million and No/100 Dollars ($3,000,000.00) of the funds expended by Grantee for the construction of improvements on the Property have been advanced by Grantor to Grantee ("Funds"), and that such Funds were advanced to Grantee in consideration of the purposes set forth in paragraph 2 above. Grantee has represented to Grantor that the Funds have been utilized by Grantee for payment of costs incurred by Grantee with respect to the design, development, and construction of the improvements ("Improvement Costs"). Notwithstanding the provisions of paragraph 3 above to the contrary, should Grantor exercise its right to purchase the Property in accordance with the provisions of paragraph 3, the purchase price to be paid by Grantor shall be reduced by the sum of: (1) the amount of the Funds paid by Grantor to Grantee; and (2) the Land Value. Such reduction is intended to take into account the fact that a portion of the funds used by Grantee in defraying the Improvement Costs were given by Grantor to Grantee, that the Property was conveyed by Grantor to Grantee for nominal consideration, and that the amount of the purchase price to be paid by Grantor to Grantee should be reduced accordingly.

   B. Notwithstanding any of the provisions of this instrument to the contrary, should Grantor not exercise its election to purchase the Property in accordance with the provisions of paragraph 3 above, and should Grantee complete the sale or conveyance of the Property to any other party, Grantee shall pay to the Grantor, at the time of the closing of such sale or conveyance, an amount equal to the sum of the Funds previously paid by Grantor to Grantee and the Land Value. Such payment is intended to take into account the fact that a portion of the funds utilized by Grantee in defraying the Improvement Costs were given by Grantor to Grantee and that the Property was conveyed by Grantor to Grantee for nominal consideration, and that such funds, together with the Land Value, should be repaid to Grantor in the event of the disposition of the Property by Grantee.

   C. Grantor's rights as set forth in paragraphs 4.A. and 4.B. above shall be subordinated to the rights of certain bona fide mortgagees of the Property. The mortgagees in which Grantor's rights shall be subordinated, and the maximum principal balances with respect to which the subordination shall be effective, are: (i) National City Bank of Michigan/Illinois, Three Million Three Hundred Thousand and No/100 Dollars ($3,300,000.00); (ii) The Kalamazoo Community Foundation – Two Million Five Hundred Thousand and No/100 Dollars ($2,500,000.00); (iii) The Economic Development Corporation of the City of Kalamazoo – One Million and No/100 Dollars ($1,000,000.00). Notwithstanding the foregoing, however, Grantor is not subordinating any other rights and interests in the Property, as created herein.

5. **Binding.** The restrictions and covenants contained herein shall bind and inure to the benefit of Grantor, Grantee and their respective successors, legal representatives and assigns, and shall run with the land.

RECITALS

A. The parties hereto are parties to the Agreement to Lease Property, made effective February 19, 2002 ("Agreement").

B. The parties are also parties to the Land Lease Agreement, made effective March 18, 2002 ("Land Lease"), a memorandum of which was recorded at Docket No. 2002-025905, Kalamazoo County Records ("Memorandum").

C. The Land Lease and Memorandum covered property, referred to as the "Leased Premises", located in the City of Kalamazoo, Kalamazoo County, Michigan, and described as Units 15 and 16 of the Western Michigan University Business, Technology and Research Park ("BTR Park"), according to the Master Deed thereof.

D. The Land Lease also provided to Purchaser the option of adding Unit 14 of the BTR Park to the Lease pursuant to certain terms and conditions as set forth therein.

E. The parties have agreed that the Owner will convey the Leased Premises to Purchaser pursuant to the Covenant Deed attached hereto as Exhibit "A", and upon such conveyance the Land Lease shall be terminated, and that the Agreement shall be modified as set forth herein.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained herein, the parties agree that the Agreement shall be amended as follows:

1. Conveyance of Property. Owner shall, subject to the provisions of paragraph 4 below, forthwith and execute and convey the Covenant Deed in substantially the form as attached hereto as Exhibit "A".

2. Termination of Land Lease. Upon the execution and delivery of the Covenant Deed by Owner to Purchaser, the Land Lease shall be deemed to have been terminated and to be null and void, and the parties shall have no further obligations thereunder. The parties shall, simultaneously with the execution and delivery of the Covenant Deed by Owner to Purchaser execute and record the Termination of Land Lease in substantially the form as attached hereto as Exhibit "B".
3. **Option to Add Property.** Purchaser shall be entitled to acquire Unit 14 of the BTR Park, as reflected in the Master Deed of record as of the effective date of the Agreement. The purchase price to be paid for Unit 14 by Purchaser shall be One Dollar ($1.00). If Purchaser elects to acquire Unit 14, Purchaser shall furnish written notice of such election by March 17, 2007. The conveyance of Unit 14 by Owner to Purchaser shall be by means of a covenant deed substantially the same as the one attached hereto as Exhibit “A”, except as provided for herein. At the time of such conveyance, Owner shall furnish to Purchaser a preliminary commitment for title insurance coverage demonstrating that Owner’s title to Unit 14 is good and marketable, subject only to the Master Deed and Declaration, as the same may have been amended, easements and rights-of-way of record, and the provisions of this First Amendment. Owner shall not be required to provide to Purchaser a title insurance policy covering Unit 14, and the responsibility and cost of obtaining any such policy shall be borne by Purchaser. In the event that Purchaser does not furnish notice of exercise of the aforementioned option by the aforementioned date, all of Purchaser’s rights with respect to Unit 14, as provided for herein, shall be terminated, and Purchaser shall, at Owner’s request, furnish a written, recordable instrument to Owner confirming such termination. In the event that Purchaser does elect to acquire Unit 14, the parties shall execute and record a mutually acceptable document effecting the amendment of Section 4.A. of Exhibit “B” of the Covenant Deed attached hereto, so that the “land value” is increased to include the fair market value of Unit 14. Teleconference Meeting – Board members present: Trustee Aseritis, Trustee DeNooyer, Trustee Holden, Trustee Klohs, Trustee Martin, Trustee Miller, Trustee Pero and President Bailey (ex officio).

The meeting was called to order by Chair Klohs at 8:45 a.m.

Acceptance of the Agenda. The agenda was accepted as distributed on a motion by Trustee Holden, supported by Trustee DeNooyer.

Establishment of Biosciences Research and Commercialization Center. As moved by Trustee DeNooyer, supported by Trustee Pero, the Board of Trustees authorized the establishment of a biosciences research and commercialization center and granted the President the authority to take all actions deemed appropriate on behalf of the University in relation to the new center, including but not limited to entering into agreements and partnerships; applying for funding; determining appropriate parameters, organizational and legal structure, and name for the center; and sub-delegating authority to other University personnel to effectuate the organization and business for and of this center. As indicated, the sequence of events catalyzed by the loss of scientific jobs in Kalamazoo (Pharmacia/Pfizer) has provided an opportunity to contribute to the economic development of Michigan and to enhance the research experience for our students and faculty. As a result of substantial efforts by community and University leadership, as well as by representatives of state and local government, legislation has been passed which will allocate $10 million for the center in Kalamazoo County. With the establishment of the center, the University will be in a position to partner swiftly with other entities/individuals and provide a center for scientists as they work to establish businesses and obtain funding for the center’s research and commercialization programs and initiatives.

Research Foundation. The Board of Trustees, as moved by Trustee Holden, supported by Trustee Miller, passed a motion indicating its support for exploring options regarding the establishment of a research foundation that would support the research activities of the University, including its research centers and activities of faculty and staff; sponsor research, entrepreneurial and other commercialization activities, and perform other functions which would benefit the University and further its mission. As indicated, the Board of Trustees bylaws reserve the Board’s authority to adopt the bylaws of all University foundations and all other associated and related entities.
Therefore, any recommendations relative to establishing a separate research foundation would come before the Board of Trustees at a future meeting for its approval.

Adjournment. The meeting was adjourned at 9 a.m.

Respectfully submitted,

The Western Michigan University Board of Trustees met on Thursday, December 11, at 6 p.m. in the Connable Board Room, Bernhard Center. The meeting was called to order by Chair Klohs and the agenda was accepted following a motion by Trustee Aseritis, supported by Trustee Martin. The Board of Trustees then went into a closed informal session as provided for under Michigan law after a 7 - 0 roll call vote as moved by Trustee Pero, supported by Trustee Aseritis. On Friday, December 12, the Board of Trustees went into formal session at 8 a.m., in Rooms 157 – 159. (The formal session was held in a larger area to accommodate the number of people expected re the intercollegiate athletics recommendation.)

Board members present: Trustee Aseritis, Trustee DeNooyer, Trustee Holden (December 12), Trustee Klohs, Trustee Martin, Trustee Miller, Trustee Pero and President Bailey (ex officio). Absent: Trustee Anthony

Remarks by the Chair. Chair Klohs spoke re the challenges the University faces as the result of the state's budget problems, with WMU experiencing massive cuts this year and more expected for 2004-05. But she also spoke of the successes which will enable the University to move forward aggressively when financial times are better. She congratulated President Bailey, Vice President Luderer and all of the other members of the University community who helped make the Biosciences Research and Commercialization Center a reality. She noted continued growth in the Business Technology and Research Park. Chair Klohs spoke of the continued events of the centennial celebration, coming to a close the following day with centennial commencement ceremonies. Chair Klohs also reminded everyone of the University holiday reception being held that afternoon, hosted by the Board and the Baileys, saying that it was especially important to hold the event this year to thank everyone for their support during these difficult times.

Approval of the Minutes of the September 12, October 7 and 31 and December 1
Sessions. The minutes were approved as distributed following a motion by Trustee Pero, supported by Trustee Martin.

Budget Overview. President Bailey presented a report on the budget problems facing the University and the steps being taken to deal with the problems. She reviewed reduction principles, 2003 reductions by areas, cost containment and reduction initiatives and noted that planning is ongoing to deal with long-term budget issues and new cuts.

Recommendation re Intercollegiate Athletics. As a part of the process in handling the budget reductions, a recommendation was brought to the Board re intercollegiate athletics. As indicated, a sports sponsorship review committee was created by the
President in September and charged with a review of current athletics programming. The recommendation of the committee was presented to Athletic Director Kathy Beauregard for her input, then to President Bailey, and finally to the Board for its action. The recommendation called for the elimination of three men's track teams (men's outdoor track, men's indoor track and men's cross country) at the close of the teams' 2003-04 seasons and the current fiscal year, with Athletic Director Beauregard including women's synchronized skating in the recommendation. The recommended action involves 100 student athletes and three coaches. It was also noted that annual scholarship commitments to athletes in the affected sports will be honored for the duration of each athlete's academic career at the University, with the funding (this year amounting to $165,000) coming from the president's unrestricted fund beginning 2004-05. It was also noted that the recommendation, in keeping with the committee's charge, maintains NCAA Division 1-A status, membership in the Mid-American Conference and Central Collegiate Hockey Association and complies with Title IX/gender equity requirements. It was also noted that the recommendation is being presented in mid-year to assist the affected student athletes who may wish to consider transferring to another institution. President Bailey, Ms. Beauregard, and members of the review committee met with the three coaches and their team members in early December to make them aware of the recommendation before it was made public.

In presenting the recommendation, President Bailey stated that "this is an incredibly painful decision" but that hard choices need to be made and that the action is necessary to protect the University's "core academic mission." She said "ensuring academic success for over 29,000 student must continue to be the overriding goal." Representatives of the sports support groups spoke in opposition to the recommendation, asking that action not be taken or delayed until a later date. The trustees expressed their regret at having to take this action but noted that it had been studied thoroughly and thoughtfully and determined to be a necessary step in the budget process. On a 7 – 0 roll call vote, following a motion by Trustee Martin, supported by Trustee Pero, the recommendation was approved.

Public Comments. In addition to those speaking re of the sports programs, Phyllis Marsh, member of the West Main Association, spoke of the group's concern about the disruptive tailgating parties held on West Michigan Avenue and in the surrounding neighborhoods.

Biosciences Research and Commercialization Center. Following a motion by Trustee Miller, supported by Trustee Pero, the Board of Trustees formally confirmed the University's acceptance of the $10,000,000 award from the State of Michigan for the BRCC. As reviewed by President Bailey and Vice President Luderer, before the University could officially receive the $10,000,000 state appropriation, approval for the BRCC's business plan by the Technology Tri-Corridor Steering Committee was required – approval was granted in early December.
Research Foundation. As moved by Trustee Pero, supported by Trustee Holden, the Board of Trustees approved a resolution (on file in the Board Office) presented by President Bailey. The resolution notes the establishment of the foundation as a non-profit 501(c)3 support corporation. It includes articles of incorporation, proposed bylaws for the foundation, and authorizes the University administration to take all appropriate action to establish and operate the foundation. The foundation is designed to facilitate the development of the intellectual property and advance the research mission of the University, with its establishment recommended by the Tri-Technology Corridor Steering Committee and the American Association for the Advancement of Science.

Student Health Insurance Requirement. As presented by Vice President Anderson, the Board of Trustees approved a student health insurance requirement, following a motion by Trustee Aseritis, supported by Trustee Miller. As indicated, effective with the beginning of the 2005-06 academic year, all students will be required to carry at least minimal health insurance. Mandatory health insurance is now required for all international students but is optional for domestic students. (Vice President Anderson reported that up to 25 percent of the University's almost 30,000 students are uninsured or underinsured.) Under the new policy, students must either demonstrate that they have existing health insurance or purchase an insurance plan offered through the University Sindecuse Health Center. The Sindecuse plan will cost an estimated $250 per semester. Vice President Anderson noted that approval of this policy will help the University continue to provide high-quality medical service at affordable rates to thousands of students.

Naming of Art Building. As presented by Vice President Bender, the Board of Trustees, following a motion by Trustee Martin, supported by Trustee DeNooyer, approved the naming of the new School of Art building in honor of James and Lois Richmond, with the exact name of the facility to be determined at a later date. The naming will acknowledge the generosity of the Richmonds, Kalamazoo residents and WMU graduates. The building, with construction slated to begin in 2005, will be located next to the Dalton Center.

Grant Report. The grant report for August, September and October 2003 was approved as presented by Vice President Luderer, following a motion by Trustee Martin, supported by Trustee Pero.

Personnel Reports. The academic and non-academic personnel reports, as reviewed by Dr. Anderson, Ms. Beauregard and Dr. Litynski, were approved by the Board of Trustees after a motion by Trustee Aseritis, supported by Trustee Martin.
