WESTERN MICHIGAN UNIVERSITY SERVICE PAYMENTS TO FOREIGN NATIONALS
IMMIGRATION DOCUMENTATION REQUIRED FOR PAYMENT

Pursuant to federal law, it is unlawful for WMU to pay foreign nationals who are not authorized to work or perform services for payment in the United States. Therefore, WMU will require foreign nationals to demonstrate eligibility to receive payment for services.

Note to foreign nationals submitting requests for service payment:
Please be advised that it is your responsibility to obtain and demonstrate the appropriate authorization to perform service and receive payment. Please be advised that WMU will not be able to process and issue payment until such time that you are able to demonstrate eligibility to receive payment for services. Thank you for your understanding.

General information for activities and honoraria:

Tourist and business visitors in B-1, B-2 or Visa Waiver Program status are eligible to receive honoraria and reimbursement of incidental expenses through the American Competitiveness and Workforce Improvement Act.

Only colleges, universities, nonprofit research organizations and governmental research agencies are allowed to pay honoraria and incidental expenses. An honoraria is payable only if both of the following apply:

- The duration of the activity is **nine** days or less.
- The visitor has not been paid or reimbursed by more than **five** other institutions during the past **six** months.

An honorarium is a gratuitous payment for participation in a usual academic activity for which no fee is legally required; an honorarium may be of any dollar amount.

Usual academic activity is defined as those activities for the benefit of the institution that include, but are not limited to: lecturing; teaching; consulting; conducting research; attending meetings, symposiums or seminars; or otherwise sharing knowledge, experience or skills in master classes, readings and performances (when the audience is composed of non-paying students or open to the general public and general admission tickets to the public have not been sold), and meetings of boards, committees or merit review panels. The rule precludes the sale of tickets for usual academic activity, and states that in such circumstances the foreign national would need to avail him or herself of another visa category.
