

CAS

DEPARTMENT OF PSYCHOLOGY

Dr. Neil Kent Memorial

(Oct 9, 1928 – Mar 8, 2015)

Nov. 6, 2015 in 1720 Chem Building, 4 p.m.

Neil Kent was a former associate chair for the department. Unfortunately this past spring, he passed away. He was 86. He was probably more unusual than any one you know. And though most of you may have never heard of him, he's had a major impact on your life. Along with Roger Ulrich, he created the world's greatest (really) behavior-analytic psychology program (this one). And along with a few others, he created the world's greatest behavior-analytic conference organization, ABAI. He also created the Child Development Center. And yet, he probably would have been kicked out of our grad program. Several who knew him, will honor his memory and introduce you to him—his brilliance, charm, seductiveness, strategic mastery, alcohol, cigarettes, and irresponsible, screw-off life style.
-Dick Malott

Social hour will follow at 5 p.m. in the 1st floor atrium of Wood Hall
