## *The IOGSO Presents* **Thesis/Dissertation Writing Workshop with Mendeley**

*Featuring*  
**Nathan Bechtel  
Dale Gregory  
Daniel Sundberg**

**4:00 p.m., Friday, September 19, 2014  
Room 2722 Wood Hall**

In this workshop, students will learn to use a research management program called Mendeley. The workshop will show students how the program can be used from the beginning of the writing process for resource collection, organization of citations, reading, and taking notes. The workshop will further cover the use of the program for writing to make in text citations and bibliographies.

The workshop will be hands on giving a step-by-step overview of the installation and use of the program at each stage of the writing process.

**Please bring a laptop with Microsoft word or Office Libre if you are interested in participating**
