

Landing the BCBA of your Dreams

Kelly Namanja, MA, BCBA
Clinical Director
Autism Spectrum Therapies

This presentation will give helpful hints about the entire job application process, including resume tips, phone interviews, and face to face interviews. Attendees will learn the three key questions interviewers seek to answer when conducting interviews. They will also learn the types of questions they should ask potential employers to ensure the company is a good fit for them. The presentation will primarily focus on obtaining BCBA positions, but much of the information can be generalized to other positions as well. The information presented will benefit both the newly or soon-to-be certified BCBA in addition to more seasoned professionals.
