Brown Bag Discussion

Air Force Psychology: It's complicated.

Lt. Col. Kirk L. Rowe, Ph.D., BSC, USAF
Board Certified Neuropsychologist

This event will discuss Air Force psychology from the perspective of retired lieutenant colonel Dr. Rowe. He is a neuropsychologist that retired after 24 years of service, and was a clinical psychology training director for 9 of those years. There will also be a discussion about internship and opportunities for people interested in working with this population. Additionally, Dr. Rowe will discuss interesting case examples from his experience working with the Air Force. Currently, he is a civilian working with operational support teams. Attending this brown bag will be a great opportunity to hear about a unique career route.
