Application for Graduate Assistantships/Associateship

1. If you are applying simultaneously for admission to a graduate program in political science (MA, MIDA, PhD), the letters of reference, CV and statement you submit through the online application system will be used in consideration of funding if admitted. The only additional document to be submitted directly to the department is this application.

2. If you are currently a graduate student in one of our programs, have three of your current or recent professors fill out reference forms or write letters of recommendation for you. Students applying for funding renewal for the third time need only one letter from a professor. See "Funding Renewal Process for Political Science Graduate Appointees" in the graduate manual for more information.

Application for admission must be submitted to the Office of Admissions. Applications are available online for students.
