Pre biology requirements:

- The following courses are the prerequisites for biology, biomedical sciences, and biology-secondary education (high school level) majors;
- This major is also a good choice for students going into graduate programs and professional schools such as physician assistant, physical therapy, and medical, dental, and veterinary schools;
- A minimum of 15 credits of biology must be earned at WMU for the major;
- Only departmental courses in which a grade of “C” or better is obtained may be counted toward a major or minor in Biological Sciences.

### WMU courses | HFC courses
---|---
BIOS 1610 | BIO 152
BIOS 1620 | BIO 150
BIOS 2030 | BIO 143
CHEM 1100/1110 | CHEM 141
CHEM 1120/1130 | CHEM 142
CHEM 3750/3760 | CHEM 241 & 243
CHEM 3770/3780 | CHEM 242 & 244
PHYS 1130/1140 | PHYS 120 or 131
PHYS 1150/1160 | PHYS 121 or 132
MATH 1220 or 2000 | MATH 180 or 153
STAT 3660 | MATH 141

General education requirements:

- Please see the [general education program transfer guide](#);
- All students graduating from the College of Arts & Sciences must meet the world language proficiency by completing two semesters (6-8 hours) of the same foreign language or American Sign Language, or passing WMU’s proficiency by exam. Please contact the College of Arts & Sciences Undergraduate Advising Office at (269) 387-4366 with any questions. Neither the MACRAO Agreement nor the MTA will satisfy this requirement.
• If the student’s first language is not English, then the student is exempt from this requirement. Determination of eligibility for this exemption is based on whether the student was required to take the TOEFL test for admission, and can be verified through the WMU departments of Spanish or World Languages and Literatures.

- The College of Arts & Sciences also requires a critical thinking course, to be chosen from Proficiency 4c. See the general education transfer guide cited above. MACRAO or the MTA will cover this requirement.

**Important notes:**

- The chemistry, physics, and mathematics courses are called “cognate” requirements for biology department majors and may not be waived;
- The physics and chemistry courses have a minimum prerequisite of successful completion of high school advanced algebra (MATH 110 at HFC);
- Chemistry 1100 also requires a high school chemistry course as a prerequisite (same as CHEM 111 at HFC). Students should be aware of these prerequisites while they are beginning at the community college;
- For questions about general education requirements please contact the WMU College of Arts & Sciences advisors at the email address given below;
- Prior to enrolling in WMU courses, students should consult the biology department advisor below.
