Western Michigan University Social Work Curriculum Guide

Pre-social work requirements:

- Students who wish to major in social work will be admitted to the pre social work curriculum at the time of admission to the university. This status does not guarantee admission to the professional social work curriculum;
- Upon completion of 30 credit hours of college level course-work and the course SWRK 2100 (Social Work Services and Professional Roles), students may submit an application for admission to the WMU School of Social Work. In order to submit the application, the student must already have been admitted to the university. Application deadlines are May 1 and October 1 of each year;
- Please see the WMU social work website for more details on when and how to apply to the department;
- Students must present a minimum 2.5 GPA to apply to the professional program. Selection is based on several criteria and is competitive, so the 2.5 is a minimum and may not result in admission;
- In addition to GPA, the admissions committee for the School of Social Work also considers volunteer experience (i.e. domestic assault shelters, nursing homes, schools, Family Independent Agencies, soup kitchens) and/or regular employment at such agencies, as part of the selection criteria.

General education requirements:

- Students must fulfill the minimum of 37 general education credits for graduation from WMU. Please see the general education transfer guide at the WMU website. Your community college advisor should be able to help you with this;
- Please note, in the list below, that some of the required support courses (required of all social work majors) will also take care of some of the general education requirements.
Required support courses:

**WMU courses** | **Delta courses**
---|---
COM 1040 | COM 112 or 112 C or 112H (Proficiency 4)
ECON 2010 | ECN 222 (Area V)
BIOS 1100/1120 or 1610 | BIO 111 or 111H or 171 (Area VI)
HSV 4780 | No equivalent
PSCI 2000 | POL 103 (Area III)
PSY 1000 | PSY 211 or 211C or 211H
SOC 2000 | SOC 211
STAT 1600 or 3660 | MTH 208 or MTH 209 (Proficiency 3)

**Important notes:**

- Students enrolled in the social work curriculum are required to complete a major consisting of 38 credit hours, required support courses of 22-24 credits, and 6 credits of research, totaling 66-68 hours;
- Also part of the curriculum is a 400 hour internship at a human service agency;
- We are frequently asked whether foreign language is required of social work students. It is not required by the social work department, although it would be a good skill to have;
- Prospective transfer students should be aware that taking the SWRK 2100 class on WMU’s campus will delay acceptance into the social work program by at least a semester. Most community colleges do not offer the 2100 course, so most social work students take the course at WMU.

**Contact information**

We look forward to sharing more details about our programs. Please contact us:

College of Health and Human Services Advising
