

Monroe Community College

Fall 2018

Western Michigan University Curriculum Guide for Sustainable Brewing

Program description and notes: the goal of the program is to educate students to be intimately familiar with the technical features of brewing, to appreciate the rich landscape of the industry, and to comprehend and address the environmental challenges faced by the industry in the 21st century.

- The program was launched in the Fall of 2015 as a joint effort between WMU and Kalamazoo Valley Community College;
- The program includes classroom work that is coupled with hands-on experience in a small-scale teaching brewery outfitted with the comprehensive functionality of industry equipment and facilities that incorporate sustainable brewing practices;
- KVCC offers a Sustainable Brewing certificate that transfers to WMU as part of the Bachelors of Science degree;
- Students can transfer just the brewing certificate at KVCC or they can complete the certificate as part of an associate's degree; both options are designed specifically to transfer into the bachelor of science program at WMU;
- Students can also begin their studies at another community college, college or university, or WMU and complete the KVCC certificate along the way to their bachelor's program;
- Equivalent brewing coursework at other schools can also be accepted in place of the KVCC certificate on a case-by-case basis.

Courses that can be completed at Monroe:

WMU courses

BUS 1750
ENGL 1050
ENG 1100 or COM 1700
BIOS 1600
BIOS 1610
BIOS 2500
CHEM 1100/1110
CHEM 1120/1130
CHEM 3700/3710
PHYS 1130/1140
PHYS 1150/1160

Monroe courses

BUSAD 151
ENGL 101 or 151 or 152 or 155
ENGL 251 or SPCH 155
BIOL 153
BIOL 151
BIOL 264
CHEM 151
CHEM 152
*CHEM 251 and 252
PHY 151
PHY 152

MATH 1180
PSCI 2000

MATH 159 or 164 (MATH 171 or 172 will be accepted)
POLSC 151

*An equivalent to CHEM 3700 is not available at Monroe CC but the requirement can be satisfied with the two semester sequence of CHEM 251 and 252. **BOTH** CHEM courses must be completed to satisfy the CHEM 3700 requirement at WMU.

General education requirements:

- Please see the WMU [general education program transfer guide](#) for information about all of the courses that you can take at Monroe that will count for requirements at WMU. Some of the courses in this program (i.e. sciences and POLSC 151) will fulfill some general education requirements as well as program requirements;
- The SB major is administered through the WMU College of Arts & Sciences (CAS). All students graduating from the College of Arts & Sciences must meet the world language proficiency by completing two semesters (6-8 hours) of the same foreign language or American Sign Language, or passing WMU's proficiency by exam. Please contact the CAS Undergraduate Advising Office at (269) 387-4366 with any questions. Neither the MACRAO Agreement nor the MTA satisfy the world language requirement.
 - If the student's first language is not English, then the student is exempt from this requirement. Determination of eligibility for this exemption is based on whether the student was required to take the TOEFL test for admission, and can be verified through the WMU departments of Spanish or World Language and Literatures.
- The College of Arts & Sciences also requires a critical thinking course, to be chosen from Proficiency 4c. See the general education transfer guide cited above. MACRAO or the MTA will cover this requirement.

Approved by:

Kevin Knutson - Director of Advising
College of Arts & Sciences
