Southwestern Michigan College  Fall 2019

Western Michigan University Biology Curriculum Guide

Pre biology requirements:

- The following courses are the prerequisites for biology, biomedical sciences, and biology-secondary education (high school level) majors;
- This major is also a good choice for students going into graduate programs and professional schools such as physician assistant, physical therapy, and medical, dental, and veterinary schools;
- A minimum of 15 credits of biology must be earned at WMU for the major;
- Only departmental courses in which a grade of “C” or better is obtained may be counted toward a major or minor in Biological Sciences.

### WMU courses | SMC courses
--- | ---
BIOS 1610 | BIOL 101
BIOS 1620 | BIOL 102
BIOS 2110 | BIOL 214
CHEM 1100/1110 | CHEM 101
CHEM 1120/1130 | CHEM 102
CHEM 3750/3760 | CHEM 201
CHEM 3770/3780 | CHEM 202
PHYS 1130/1140C | PHYS 101
PHYS 1150/1160 | PHYS 102
MATH 1220 or 2000 | MATH 141
STAT 3660 | MATH 150

General education requirements:

- Please see the general education program transfer guide;
- All students graduating from the College of Arts & Sciences must meet the world language proficiency by completing two semesters (6-8 hours) of the same foreign language or American Sign Language, or passing WMU’s proficiency by exam. Please contact the College of Arts & Sciences Undergraduate Advising Office at (269) 387-4366 with any questions.
Neither the MACRAO Agreement nor the MTA satisfy the world language requirement.

- If the student’s first language is not English, then the student is exempt from this requirement. Determination of eligibility for this exemption is based on whether the student was required to take the TOEFL test for admission, and can be verified through the WMU departments of Spanish or World Language and Literatures.

- The College of Arts and Sciences also requires a critical thinking course, to be chosen from Proficiency 4c (see the general education link in the first bullet, above). MACRAO or the MTA will cover this requirement.

**Important notes:**

- The chemistry, physics, and mathematics courses are called “cognate” requirements for biology department majors and may not be waived;
- The physics and chemistry courses have a minimum prerequisite of successful completion of high school advanced algebra (MATH 127 at SMC);
- Chemistry 1100 also requires a high school chemistry course as a prerequisite (same as CHEM 100 at SMC). Students should be aware of these prerequisites while they are beginning at the community college;
- For questions about general education requirements please contact the WMU College of Arts & Sciences advisors at the email address given below;
- Prior to enrolling in WMU courses, students should consult the biology department advisor below.
