2023/24

## Western Michigan University Aviation Curriculum Guide

#### Pre-Aviation curriculum requirements:

- The aviation program has 3 different majors:
  - Flight Science (pilot training)
  - Technical Operations
  - Management and Operations (management and technical support)
- The Flight Science major has several requirements for access to flight courses:
  - A Chief Flight Instructor-approved application for each ground school and flight lab
  - An FAA 2<sup>nd</sup> class medical (1<sup>st</sup> class is recommended)
  - Enrollment in flight theory courses is subject to a minimum grade point average of 3.0 for community college students and transfers from other 4-year colleges and/or universities and placement of Math 1110 or higher at WMU
  - Availability of aircraft and instructors

### The following courses are required of all 3 majors and may be taken at Macomb:

MCC Courses
ES) program guide
SPCH 2100
MATH 1340
MATH 1370

ECON 1170
PHYS 1180 & 1190
PSYC 1010
s majors only:
ACCT 1080
ACCT 1090
BUSN 1010
ECON 1170

ECON 2020	ECON 1160
MKTG 2500	MKTG 1010
PSY 1000	PSYC 1010
Required for Technical Operations majors only:	
Required for Technical Operations majors	only:
<b>Required for Technical Operations majors</b> BUS 1750	only: BUSN 1010

#### Important notes:

- Satisfactory completion of all CFR Part 147 requirements in the Technical major prepares students to take the Federal Aviation Administration (FAA) Airframe and Powerplant written and practical exams.
- Flight Science majors are strongly encouraged to obtain the FAA First Class Medical Certificate before committing to this program. An FAA Second Class Medical Certificate is a prerequisite for the first flight course.
- All Flight Science students are required to subject themselves to the college-approved drug testing procedure before being allowed to participate in any flight activity in University aircraft.
- Graduates of the Flight Science major earn their FAA Commercial Pilot Certificate with Instrument and Multi-engine Land ratings.
- For information on airplanes, hangars, engines, and other technical items, please visit the WMU Aviation website.
- For program information, please contact the advising office indicated below.
