

## Macomb Community College

## Western Michigan University Engineering Curriculum Guide

## **IMPORTANT NOTES**

- The engineering department has useful, easy-to-read, and understandable <u>transfer guides</u> which include prerequisites, course requirements, and much more.
- Engineering advisors are concerned that transfer students complete the right courses. Please feel free to email one of the <u>advisors</u> or call (269) 276-3270 to make an appointment.
- Mathematics is the language of engineering and applied sciences, and it serves as the basis for where students begin their academic career at WMU (see table below).
- > Bachelor of Science Degree in Engineering and Applied Sciences:
  - All Engineering programs require successful completion of four Calculus courses.
  - Engineering Technology programs require a minimum of Pre-Calculus and Calculus I
  - Computer Science requires Calculus I, Linear Algebra, Discrete Math, and Statistics.

If you've completed the equivalent of:*	And received a grade of:	Then you are ready to take:
MATH 1180 (Precalculus) or higher	'C' or better (2.0 on a 4.0 scale)	<b>Calculus I or higher</b> Student begins Calculus I (or higher) in Pre-Engineering, Pre- Engineering Technology or Computer Science curriculum.
MATH 1110 (Algebra II)	'B' or better (3.0 on a 4.0 scale)	<b>Precalculus</b> Student begins Precalculus in Pre-Engineering, Pre-Engineering Technology or Computer Science curriculum.
MATH 1110 (Algebra II)	Below 'B' on first attempt	<ul> <li>Algebra II</li> <li>Student begins CEAS Exploratory Advising.</li> <li>Must pass Algebra II with a B or better in no more than two attempts before advancing to Pre-Engineering or Pre-Engineering Technology curriculum.</li> <li>Must earn at least a C in first attempt for a second attempt.</li> </ul>
MATH 1100 (Algebra I)	'B' or better (3.0 on a 4.0 scale)	
MATH 1100 (Algebra I)	Below 'B' on first attempt	<ul> <li>Algebra I or Computational Math Skills</li> <li>Student placed in Exploratory Advising through the Center for Academic Success Programs at WMU.</li> <li>Must pass Algebra I with a B or better in no more than two attempts before advancing to CEAS Exploratory Advising.</li> <li>Exploratory Advising: www.wmich.edu/unv/</li> </ul>
No Math; place into Pre- Algebra or Algebra I per WMU placement test		

Math courses completed at your previous institution(s) will determine your math placement at WMU.

\* If you have no college math then ACT scores will be used to determine placement. If you have no ACT scores then you will need to arrange a placement test with the Department of Mathematics at WMU.
