17. Click on the Select/Unselect checkbox at the top of the screen then click on the Import Selected button. All of your publications found in the databases you searched will be imported into your account.

18. The Import Results window will appear to warn you if any duplicates were found between the activities already uploaded on your behalf from the Elsevier database and the publications you just uploaded. Not all duplicates may be caught for any number of reasons. Please review your publications list after the import is complete.
