Date of request: 05-OCT-2018

Request ID: E-2018-TLES-90

College: E

Department: TLES

Initiator name: Amy Bentz

Initiator email: amy.e.bentz@wmich.edu

Proposed effective term: 202040

Does course need General Education approval?: Y

Will course be used in teacher education?: Y

If 5000 level course, prerequisites apply to: G

1. Proposed course prefix and number:

ED 6320

2. Proposed credit hours:

1

3. Proposed course title:

Secondary Instructional Practice

4. Proposed course prerequisites:

ES 5200 and ED 5310 and ED 5450 and LS 6870

5. Proposed course corequisites:

ED 6445

6. Proposed course prerequisites that may be taken concurrently (before or at the same time):

none

7. Minimum grade for prerequisites (default grades are D for Undergrad and C for Grad):

CB

8. Major and/or minor restrictions: Include
9. List all the four-digit major and/or minor codes (from Banner) that are to be included or excluded: Banner codes TBD "Post-Baccalaureate for Initial Certification in Secondary Education" "Master of Arts in Teaching"
10. Classification restrictions: Not Applicable
11. List all the classifications (freshman, sophomore, junior, senior) that are to be included or excluded: Graduate level only
12. Level restriction: Include
13. List the level (undergraduate, graduate) that is to be included or excluded. GR
14. Do prerequisites and corequisites for 5000-level courses apply to undergraduates, graduates, or both? GR
15. Is this a multi-topic course? No
16. Proposed course title to be entered in Banner: Secondary Instruction
17. Is this course repeatable for credit? Yes
18. Is this course mandatory credit/no credit? No
19. Select class type: Seminar

20. How many contact hours per week for this course?

1

A. Please choose Yes or No to indicate if this class is a Teacher Education class:

Yes

B. Please choose the applicable class level:

Graduate

C. Please choose Yes or No to indicate if this is a class for our current General Education program OR for the WMU Essential Studies program:

No

D. Explain briefly and clearly the proposed improvement.

The TLES department is proposing to create a 6000 level course that supplements material on curriculum and assessment needed for initial certification in secondary education. ED6320-Secondary Instructional Practice will serve to provide this content for the proposed program. The ED6320 course prefix and number have been cleared by Kelly Oliver in the Registrar's office, 6/11/18.

E. Rationale. Give your reason(s) for the proposed improvement. (If your proposal includes prerequisites, justify those, too.).

The TLES department, Program in Secondary Education, is proposing a new graduate certificate program and a new Master's degree program. This is to replace the current undergraduate program in Secondary Education. The existing undergraduate courses cannot be used. There are three recommended courses at the undergraduate level that students may choose to take prior to admission into the new program; two of these recommended courses are new courses. Therefore, the following new undergraduate and graduate-level courses are being created: Undergraduate Coursework: ED 3200 Clinical Experience in Education (3 credits) Pre-req or Co-req: ES2000 ED 4200 Clinical Rotations in Education (3 credits) Pre-req: ES2000 Graduate Coursework: ES 5200 Education from a Socio-Cultural Perspective (3 credits) Pre-req: Admission into program ED 5310 Educational and Developmental Psychology (3 credits) Co-req: ES5200 ED 5450 Curriculum and Assessment (2 credits) Co-req: ES5200 ED 6320 Secondary Instructional Practice (1 credit) Pre-req: ES2000, ED5310, ED5450, LS6870 Co-req:ED6445, ED6455

F. List the student learning outcomes for the proposed course or the revised or proposed major, minor, or concentration. These are the outcomes that the department will use for future assessments of the course or program.

Teacher education programs at WMU are accredited by the Council for the Accreditation of Educator Preparation (CAEP) which uses standards laid out by Interstate Teacher Assessment

and Support Consortium (InTASC). The proposed course will address the following InTASC standards: InTASC Standard 1 - Learner Development: The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences. Substandards include: 1B 1D 1E 1F 1H 1I 1J 1K InTASC Standard 2 - Learning Differences: The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards. Substandards include: 2A 2C 2G InTASC Standard 3 - Learning Environments: The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self motivation. Substandards include: 3B 3E Standard #4: Content Knowledge The intern teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) she/he teaches and creates learning experiences that make the discipline accessible and meaningful for learners. Sub-standards include: 4A 4B 4C Standard #5: Applications of Content The teacher candidate understands how to connect concepts and use differing perspectives to engage learners in critical/creative thinking and collaborative problem solving related to authentic local and global issues. Sub-standards include: 5A 5B 5D 5F 5H 5M 5P Standard #6: Assessment The intern teacher understands and uses multiple methods of assessment to engage learners in their own growth, to m learner progress, and to inform ongoing planning and instruction. Substandards include: 6A 6B 6D 6E6 6F 6G 6H 6I 6J 6K 6M 6N 6O 6P 6Q 6R 6S 6T 6U 6V Standard #7: Planning for Instruction The intern teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary, and pedagogy, as well as knowledge of learners and the community context. Sub-standards include: 7A 7C 7D 7F 7G 7H 7J 7N 7O 7P 7Q Standard #8: Instructional Strategies The intern teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to access and appropriately apply information. Sub-standards include: a-s InTASC Standard 9 - Professional Learning and Ethical Practice: The teacher engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner. Sub-standards include: g, h

G. Describe how this curriculum change is a response to student learning assessment outcomes that are part of a departmental or college assessment plan or informal assessment activities.

This curriculum change has resulted from a 2-year discussion between CAS concerning declining enrollment in the undergraduate programs housed in the CAS. Currently, each teachable major in CAS is considered a separate program. Many of these majors have only a handful of students, which is financially unsustainable.

H. Effect on other colleges, departments or programs. If consultation with others is required,

attach evidence of consultation and support. If objections have been raised, document the resolution. Demonstrate that the program you propose is not a duplication of an existing one.

The proposed course has no effect on other colleges, departments, or programs. Letters of support from the deans of CAS and CEHD, as well as the department chair of TLES/SPLS, are included within the certificate and graduate program proposals, supporting the creation of this new course.

I. Effect on your department's programs. Show how the proposed change fits with other departmental offerings.

This new course will serve a new iteration of the existing secondary education program that is currently housed within our department.

J. Effects on enrolled students: are program conflicts avoided? Will your proposal make it easier or harder for students to meet graduation requirements? Can students complete the program in a reasonable time? Show that you have considered scheduling needs and demands on students' time. If a required course will be offered during summer only, provide a rationale.

Currently enrolled students will continue to have the current undergraduate courses available. A 3-year teach-out plan is attached. Current undergraduate students will be given an opportunity to apply for the new certification/certificate program(s). Proposed program completion is designed to take the same amount of time as it is to complete the current undergraduate program.

K. Student or external market demand. What is your anticipated student audience? What evidence of student or market demand or need exists? What is the estimated enrollment? What other factors make your proposal beneficial to students?

There has been consistent interest in a post-baccalaureate program over the last two decades. Anticipated students would be WMU undergraduates with interest in pursuing a teaching certification as well as other individuals who hold bachelor's degrees from accredited colleges and universities who are seeking professional teaching certification.

L. Effects on resources. Explain how your proposal would affect department and University resources, including faculty, equipment, space, technology, and library holdings. Tell how you will staff additions to the program. If more advising will be needed, how will you provide for it? How often will course(s) be offered? What will be the initial one-time costs and the ongoing base-funding costs for the proposed program? (Attach additional pages, as necessary.)

The proposed program will directly affect department (TLES) resources. Because the proposed program is a year-round program, alternative scheduling and summer contracts will be necessary for some secondary education faculty. ED6320 is offered only in Fall semester because the foundational coursework occurs prior to the methodological and clinical coursework. Thus, certain faculty may need to be on an alternative schedule. The proposed

program will require a different advising structure than we currently use. Undergraduate advisors in CAS will need to be trained on the proposed program and will need to advise undergraduate students in such a way that they can pass the requisite MTTC subject area exam(s). CEHD advisors will also need training on the proposed program and the workflow processes to communicate with GPSTC director and/or faculty. The current university resources (equipment, space, technology, and library holdings) should be sufficient to support the proposed course.

M. With the change from General Education to WMU Essential Studies, this question is no longer used.

For courses requesting approval as a WMU Essential Studies course, a syllabus identifying the student learning outcomes and an action plan for assessing the student learning outcomes must be attached in the Banner Workflow system.

Not Applicable

N. (Undergraduate proposals only) Describe, in detail, how this curriculum change affects transfer articulation for Michigan community colleges. For course changes, include detail on necessary changes to transfer articulation from Michigan community college courses. For new majors or minors, describe transfer guidelines to be developed with Michigan community colleges. For revisions to majors or minors, describe necessary revisions to Michigan community college guidelines. Department chairs should seek assistance from college advising directors or from the admissions office in completing this section. not applicable

ED6320: Secondary Instructional Practice This is a one-credit seminar designed to support teacher candidates as they implement curricular and assessment design during the internship 1 phase. Teacher candidates will plan, implement, and assess instruction in their field placement. Seminar will emphasize the use of teacher candidates' students' data to inform differentiated instructional planning. Program requires a grade of "CB" or better. May repeat course one time only. Restricted to graduate students accepted into the Post-Baccalaureate Program for Initial Certification in Secondary Education. Prerequisite: ES 5200, ED 5310, ED 5450, and LS 6870, with a grade of "CB" or better in all prerequisites. Corequisite: ED 6445. 1 hour

Department Curriculum Chair approver: James Muchmore

Department Curriculum Chair comment: There was a technical problem with the original submission of this proposal. It somehow got truncated on WorkFlow. This is the second attempt to submit the proposal. This time, the full proposal, syllabus, and teachout schedule

are included as attachments. Hopefully, this will solve the problem. -Jim Muchmore

Course Description

This is a one-credit seminar designed to support teacher candidates as they implement curricular and assessment design during the internship 1 phase. Teacher candidates will plan, implement, and assess instruction in their field placement. Seminar will emphasize the use of teacher candidates' students' data to inform differentiated instructional planning. Program requires a grade of "CB" or better. May repeat course one time only. Pestricted to graduate students accepted into the Post Reccalcurate Program for Initial Certification in

time only. Restricted to graduate students accepted into the Post-Baccalaureate Program for Initial Certification in Secondary Education. Prerequisite: ES 5200, ED 5310, ED 5450, and LS 6870, with a grade of "CB" or better in all prerequisites. Corequisite: ED 6445. 1 hour

Course Texts and Materials (Required Materials):

1. Doubet and Hockett. (2015). Differentiation in Middle and High School: Strategies to Engage All Learners.

ISBN: 978-1-4166-2018-1

- 2. Wiggins and McTighe. (2014). Understanding by Design Guide to Creating High-Quality Units. ISBN-13: 9781416611493
- 3. Wiggins and McTighe. (2012). Understanding by Design Guide to Advanced Concepts in Creating & Reviewing Units. ISBN-13: 978-1416614098

Additional Materials:

- 4. Michigan Curriculum (www.michigan.gov → Education → Educators → Curriculum Planning → *choose appropriate content standards link*□
- 5. Additional readings will be made available through eLearning.

Course Objectives

Upon completion of the course, the successful teacher candidate will demonstrate the ability to:

- 1. develop and implement course curriculum using the *Understanding by Design* framework in accordance with the appropriate curriculum standards (e.g. CCSS, NGSS, MMC).
- 2. construct developmentally appropriate student outcomes.
- 3. plan for instruction based on intended student outcomes.
- 4. differentiate instruction to meet the needs, abilities, and interests of diverse students.
- 5. assess student learning and evaluate the effectiveness of instructional practices.
- 6. organize learning environments to promote student engagement and learning.
- 7. develop a lesson plan, with supplementary materials, that incorporates appropriate instructional strategies/activities (see 2-6 above) based on your identified student outcomes.
- 8. critically reflect on teaching practices; and develop an understanding of the role of teachers in the classroom, in the community, and in the profession.
- 9. evaluate current research on best-practice pedagogy and implement into teaching practices

Alignment with ED6310 Content and Assignments

InTASC Standard:	Criteria:	Alignment of Coursework with InTASC Standards	
*Standard #1: Learner Development:		T	
The pre-intern teacher understands how children learn and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.	 Designs developmentally appropriate instruction Implements developmentally appropriate instruction 	 Unit plan Lesson plans Field Placement	
*Standard #2: Learning Differences			
The pre-intern teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that allow each learner to meet standards.	 Adapts instruction for individual needs Inquires about students as individuals with diverse personal and family backgrounds Exhibits fairness in supporting all students to learn. 	 Unit plan Lesson plans Field Placement	
Standard #3: Learning Environments			
The pre-intern teacher works with others to create environments that support individual and collaborative learning, encouraging positive social interaction, active engagement in learning, and self-motivation.	 Organizes time and resources to actively engage students in learning. Manages classroom activity 	 Unit plan Lesson plans Field Placement	
*Standard #4: Content Knowledge			
The pre-intern teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) she/he teaches and creates learning experiences that make the discipline accessible and meaningful for learners.	 Demonstrates knowledge of subject matter. Creates meaningful learning experiences. 	 Unit plan Lesson plans Field Placement	
*Standard #5: Applications of Content			
The teacher candidate understands how to connect concepts and use differing perspectives to engage learners in critical/creative thinking and collaborative problem solving related to authentic local and global issues.	 Connects content knowledge to relevant issues in students' lives. Engages students in higher level thinking skills. 	 Unit plan Lesson plans Field Placement	
*Standard #6: Assessment			

The pre-intern teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to inform ongoing planning and instruction.	 Integrates formal and informal assessments. Communicates timely and useful descriptive feedback. Aligns assessments with objectives and standards. Exhibits fairness in grading practices. Uses a variety of formative and summative assessments. 	 Unit plan Lesson plans Field experience	
*Standard #7: Planning for Instruction			
The pre-intern teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary, and pedagogy, as well as knowledge of learners and the community context.	 Connects lesson goals with school curriculum and state standards. Uses assessment data to inform planning for instruction. 	 Unit plan Lesson plans Field experience	
*Standard #8: Instructional Strategies			
The pre-intern teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to access and appropriately apply information.	 Varies instructional strategies to engage learners Uses technology appropriately to enhance instruction. Differentiates instruction to meet learner needs. Paces lessons to allow learners to integrate their new learning. 	 Unit plan Lesson plans Field experience	
*Standard #9: Professional Learning and Ethical Practice			
The pre-intern teacher engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.	 Seeks and accepts feedback to improve teaching effectiveness. Uses self-reflection to improve teaching effectiveness. Demonstrates commitment to the profession. 	 Field experience Professional reflective essays Field notes Dispositions 	
Standard #10: Leadership and Collaboration			
The pre-intern teacher seeks appropriate leadership roles and collaborates with students, families, colleagues, other professionals, and community members to share responsibility for student growth and development, learning, and well-being.	 Works effectively with school personnel. Works effectively with parents 	• Field experience • Field notes	

Policies and Procedures

Students are responsible for making themselves aware of and understanding the University policies and procedures that pertain to Academic Honesty. These policies include cheating, fabrication, falsification and forgery, multiple submission, plagiarism, complicity and computer misuse. The academic policies addressing Student Rights and Responsibilities can be found in the Undergraduate Catalog at http://catalog.wmich.edu/content.php?catoid=24&navoid=974 and the Graduate Catalog at http://catalog.wmich.edu/content.php?catoid=25&navoid=1030.

If there is reason to believe you have been involved in academic dishonesty, you will be referred to the Office of Student Conduct. You will be given the opportunity to review the charge(s) and if you believe you are not responsible, you will have the opportunity for a hearing. You should consult with your instructor if you are uncertain about an issue of academic honesty prior to the submission of an assignment or test. Please visit the following site for more information on WMU's Academic Honesty Violations: https://wmich.edu/conduct/honesty/definitions

In addition, students are encouraged to access the Code of Honor, as well as resources and general academic policies on such issues as diversity, religious observance, and student disabilities:

- · Office of Student Conduct: www.wmich.edu/conduct
- · Division of Student Affairs: www.wmich.edu/students/diversity
- Registrar's Office: www.wmich.edu/registrar and www.wmich.edu/registrar/policies/interfaith
- Disability Services for Students: www.wmich.edu/disabilityservices.

Assignments

The following assignments will be used to assess student understanding of course materials and evaluate student performance throughout the course. <u>Detailed DESCRIPTIONS along with RUBRICS are posted on eLearning</u>. Due dates are on eLearning, the Course Schedule, and on the Grade Sheet. **The instructor may modify assignments, scoring, and/or due dates depending on the needs of the class.** I provide typed feedback on every assignment, so please uploaded your work as a *word* or *pages* documents. <u>PDFs and RTFs will not be accepted.</u>

IMPORTANT: When turning in ANY assignment, please use the following file naming protocol: LAST NAME_ASSIGNMENT NAME (Example: Smith_REstudentshadow)

1. Reflective Essays (RE)

During this semester, you will compose three written reflections. These essays are intended to allow you to synthesize, reflect and/or expand upon topics from the course specifically in the context of your pre-internship classroom. All essays must be submitted on the specified due dates as indicated on eLearning and your course schedule. A typical essay is *approximately* 4 pages, but can be longer if needed. The time you spend doing the following activities counts towards your required Pre-Internship hours.

Each essay should be explicitly connected to any of the appropriate 10 standards of effective practice for teachers as adopted by the Michigan Department of Education (MI-InTASC). You should specifically identify the MI-InTASC standard you have employed or observed, including examples for evidence. You should take the time to review the MI-InTASC standard document, which is attached to the syllabus and posted on eLearning. These essays are an opportunity to process your experiences, and to develop a professional identity as a teacher in relation to the MI-InTASC standards. All reflections should be submitted to eLearning on or before the due date.

Essay Topics: (Detailed instructions for each RE is on eLearning)

- A. *Student Shadow*: You will spend one full day following a student throughout his or her schedule, attending all classes on that given day. (Submitted to eLearning)
- B. <u>Mid-term</u> Pre-Internship Self-Assessment. The midterm is a self-assess of your current experience and performance, identifying strengths and suggestions for further focus related back to the InTASC standard. This is shared with your mentor and signed by both you and your mentor prior to turning it in to Dr. Bentz for review. Your mentor will also fill out and sign a Professional Dispositions Form, which is to be turned in with the Mid-term self-assessment. (Submitted to eLearning)
- C. *Professional Shadow*: You will spend one day following and assisting an educator whose role focuses on providing accommodations for students. (Submitted to eLearning)

2. Active Participation/Professional Disposition

To facilitate student learning and the development of instructional competencies, the following expectations guide student conduct in this course:

- A. Attendance. Every seminar we will discuss new topics and ideas that directly affect the quality of your field experiences. Course attendance is critical to success. However, there are unexpected life events that may interfere with the ability to attend seminar. Students can miss one class period during the semester without penalty. If you miss any seminar session you are required to make contact with the instructor within 24 hours of the end of the missed class, although prior notification is appreciated. After you have missed a seminar, it is highly recommended that you schedule a time to see me in my office to collect missed assignments, as well as to go over any new information that may be needed for the following class period. Attendance will be taken every seminar, and seminar will start on time. More than one absence at either your field placement or seminar may result in a deduction of your grade and may impede forward progress in the seminar/placement.
- B. <u>Assignments</u>. Teacher candidates demonstrate understanding of seminar materials and content through the successful completion of assignments. All assignments must be typed and submitted through e-Learning, unless otherwise specified. Unexpected life circumstances may inhibit you from turning in an assignment on time; therefore, you are allowed to turn in <u>one late assignment</u> (no later than one week overdue) during the semester. All other assignments must be turned in on or before the due date to be graded. No other late assignments will be accepted. These <u>additional late assignments</u> will be recorded as a "zero."
- C. <u>Participation</u>. Teacher candidate success is contingent upon active and prepared participation in class activities and discussions. Please read and take notes on all assigned readings, and take an interested role in classroom activities. The instructor will provide feedback on student participation, and will request a conference with students if concerns over participation arise. Please see the Grade Sheet for a specific break down of participation points associated with the overall grade.
- D. <u>Communication</u>. It is the responsibility of the student to communicate individual needs and concerns in a timely manner. Contact the instructor about attendance or assignments as soon as possible. Do not wait until the night before!

Grading Scale

A 93-100%	BA 87-92.99%	B 83-86.99%	CB 77-82.99%
C 73-76.99%	DC 67-72.99%	D 63-66.99%	E 62.99-0

<u>Incomplete.</u> A grade of incomplete will only be given in extreme situations. A written request with justification is required. Please contact the instructor as soon as possible with concerns.

Ten standards of effective practice for teachers as adopted by the Michigan Department of Education (MI-InTASC):

PRE-INTERNSHIP EXPERIENCE

Secondary Education Unit

*THIS IS THE MODIFIED VERSION OF THE INTASC STANDARDS. THE FULL VERSION CAN BE FOUND ON: https://ccsso.org/sites/default/files/2017-12/2013 INTASC Learning Progressions for Teachers.pdf

This assessment is based on the ten standards of effective practice **for teachers** as adopted by the Michigan Department of Education (MI-InTASC). Bulleted lists describe what needs to be addressed to achieve each standard.

Standard #1: Learner Development:

The intern teacher understands how children learn and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

- Designs developmentally appropriate instruction
- Implements developmentally appropriate instruction

Standard #2: Learning Differences

The intern teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that allow each learner to meet standards.

- Adapts instruction for individual needs
- Inquires about students as individuals with diverse personal and family backgrounds
- Exhibits fairness in supporting all students to learn.

Standard #3: Learning Environments

The intern teacher works with others to create environments that support individual and collaborative learning, encouraging positive social interaction, active engagement in learning, and self-motivation.

- Fosters a safe and respectful environment that promotes learning.
- Organizes time and resources to actively engage students in learning.
- Manages classroom activity and behavior effectively.
- Proactively intervenes to redirect student misbehaviors whenever possible.

Standard #4: Content Knowledge

The intern teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) she/he teaches and creates learning experiences that make the discipline accessible and meaningful for learners.

- Demonstrates knowledge of subject matter.
- Creates meaningful learning experiences.

Standard #5: Applications of Content

The teacher candidate understands how to connect concepts and use differing perspectives to engage learners in critical/creative thinking and collaborative problem solving related to authentic local and global issues.

- Connects content knowledge to relevant issues in students' lives.
- Engages students in higher level thinking skills.

Standard #6: Assessment

The intern teacher understands and uses multiple methods of assessment to engage learners in their own growth, to m learner progress, and to inform ongoing planning and instruction.

- Integrates formal and informal assessments.
- Communicates timely and useful descriptive feedback.
- Aligns assessments with objectives and standards.
- Exhibits fairness in grading practices.
- Uses a variety of formative and summative assessments.

Standard #7: Planning for Instruction

The intern teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary, and pedagogy, as well as knowledge of learners and the community context.

- Connects lesson goals with school curriculum and state standards.
- Uses assessment data to inform planning for instruction.

Standard #8: Instructional Strategies

The intern teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to access and appropriately apply information.

- Varies instructional strategies to engage learners
- Uses technology appropriately to enhance instruction.
- Differentiates instruction to meet learner needs.
- Paces lessons to allow learners to integrate their new learning.

Standard #9: Professional Learning and Ethical Practice

The intern teacher engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

- Seeks and accepts feedback to improve teaching effectiveness.
- Uses self-reflection to improve teaching effectiveness.
- Demonstrates commitment to the profession.

Standard #10: Leadership and Collaboration

The intern teacher seeks appropriate leadership roles and collaborates with students, families, colleagues, other professionals, and community members to share responsibility for student growth and development, learning, and well-being.

- Works effectively with school personnel.
- Works effectively with parents
