# TRiO FESP Featured Employee: Bobby Perez

“I am from South Haven, MI, and I am a sophomore at WMU studying Elementary Education. I received a full tuition scholarship to Western Michigan, and by receiving that, I was able to attend the college that I wanted. In high school I was the class clown, now in college I’m still the clown, but more focused on school. I was on the football and baseball team, and also a part of the drama department. I love sports, but at the same time I love acting and singing. Since I have been at Western I have matured a lot; I have gone through recent life experiences, which have made me learn that you have to live life by the second, because you never know how fast your life could end.”
