Prior Learning Assessment (PLA) Opportunities within K-12 Educational Leadership Graduate Programs
Western Michigan University (WMU) – Effective January 15, 2021

Overview: During 2020, WMU adopted a policy allowing graduate programs to grant credit via Prior Learning Assessments (PLA). This document describes the process developed by the faculty within the K-12 MA/Ed.S. Educational Leadership (EDLD) unit, to review and potentially award credits via PLA for five graduate programs.

Eligible Programs and Courses: Table 1 lists the five eligible EDLD programs, and the maximum PLA credits possible, while Table 2 lists the specific eligible courses. Per WMU policy, such credits can be no more than 50% of the total program credits (rounding to nearest full course as needed).

Three Routes to Earning PLA Credits

- **Route 1: Professional Association Alternative Certification Leadership Programs:** Embedded in the five educational leadership programs are courses covering standards/learning outcomes required for a School Administrator Certificate or a Central Office Endorsement, as awarded by the State of Michigan. The state has also approved alternative routes via professional association programs that cover such standards/learning outcomes. Since the standards are the same, individuals who have completed such an alternative route program, and have obtained the School Administrator Certificate and/or Central Office endorsement, can be awarded the total maximum credits for a focus area (as shown in Table 1) by providing evidence of learning/work products from the program, but will not need to complete a detailed standard-by-standard portfolio. Examples of such programs include the *Path to Leadership* program (MI Association of Secondary School Principals), the *Horizon Leadership* program (MI Association of Superintendents & Administrators), and the *Curriculum Leadership Institute* (Michigan Association for Supervision and Curriculum Development).

- **Route 2: Educational Leadership Certification Courses from Other Graduate Degree Programs:** Individuals having successfully completed educational leadership courses (with a grade of B or better) within other degree programs (e.g., Ed.S.), that have been approved by the state to be covering standards needed for the Administrator Certificate and/or Central Office Endorsement, will NOT need to provide evidence within a portfolio for such courses. PLA credits can be awarded for such equivalent courses with a transcript and course description serving as evidence. Such credits are those beyond the number allowed to be transferred into a graduate program at WMU.

- **Route 3: (Not Available Until Fall 2021) Work Experience, Professional Development, Non-Ed. Leadership Courses, and Other:** Individuals who believe they have mastered the standards/learning outcomes for one or more of the eligible courses (see Appendices B and C), must provide evidence within a detailed portfolio clearly revealing such mastery.

Application, Portfolio Development & Review Procedures

1. Interested individuals must first have applied for, or be admitted to, the graduate program of interest (as listed within Table 1).

2. Even prior to acceptance to such a graduate program, individuals can then complete a PLA Review Application form [Link to Online Application Here, Still to Be Created]
   
   a) Those seeking credit via Routes 1 and 2 above, will be able to offer evidence of alternative program and/or course completion via the application.

   b) Those seeking credit via Route 3, will need to enroll in a non-credit Portfolio Development Course (offered by WMU), and upon completion of this course, may submit their detailed portfolio. Such portfolio shall offer evidence of their prior learning demonstrating acquisition of the learning outcomes established for one or more courses.
3. Such PLA Review Applications and associated evidence may be submitted at any time during an academic year. Applications will be reviewed by at least two faculty members within a 30 day time period during the academic year semesters, and a 60 day time period during the summer sessions.

4. All decisions on any credits awarded are to be made by the program’s faculty based on evidence offered by the applicant of prior learning. The maximum number of credits that can be awarded for these Educational Leadership graduate programs is 50% of required credits after any transfer graduate credits are accepted (with any PLA credits awarded under Route 2 not considered as part of such transfer credits).

5. Any credits awarded will not be placed on a student’s transcript until admitted to a specific graduate degree or certificate program. All such credits will be posted on transcript as “credit earned by PLA examination” without letter grade, and not counted in the grade point average. Such credits can be used to meet all other University graduation requirements (such as minimum number of credits completed at WMU for a given degree).

**Detailed Program and Course Information:** Appendix A includes the total list of courses for the five eligible programs, with those courses eligible for PLA review highlighted. Appendices B and C offer the learning outcomes for each course, and the associated rubric used to evaluate whether the evidence submitted by the applicant meets such outcomes.

Note: these procedures for potentially earning PLA credits within K-12 Educational Leadership Graduate Programs at WMU were approved by the chair of the Department of Educational Leadership, Research, and Technology on January 11, 2021, and the Dean of College of Education and Human Development on January 15, 2021.
