

Econ 3200

Money and Banking

This course will teach you about:

- Money and how it's connected to the economy
 - How banks create money
 - How stocks, bonds, and assets are priced and relate to the health of the economy
 - How the health of the economy in turn depends on the value of assets
 - Central Bank's role in managing the economy
- This course is taught in a traditional manner, face to face.
 - This course complements degree programs in business, social science, arts and sciences, and engineering
 - This course is offered year round
