Unfinished Business

Chair Miller led a discussion about PCC Charge #2: *Create and approve a Memorandum of Action to establish a cycle of review of all University policies and procedures related to student academic conduct.* Miller prepared an electronic survey to be presented to the Faculty Senate Executive Board for review. Upon approval, the survey will be distributed to deans, unit heads, and/or directors to determine what policies, currently in practice, are associated with student conduct that reside outside of Faculty Senate policies. It was moved by Palmer, seconded by VanDerwall, to forward the survey to the Faculty Senate Executive Board for review and further distribution. The motion carried unanimously.

Chair Miller shared a template showing PCC charges and accomplishments dating to the 2008-09 academic year. The report showed charges which were completed and charges that were not accomplished. For the most part, charges have been completed with the exception of an ongoing charge

regarding the need to establish a cycle of review of all University policies and procedures related to student academic conduct. This charge will be a priority of the PCC in 2022-23.
