Benefits-at-a-glance for AFSCME-Post 65 Retirees

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten. If your group is self-funded, please see any other plan documents your group uses. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

Preauthorization for Select Services - Services listed in this BAAG are covered when provided in accordance with Certificate requirements and, when required, are preauthorized or approved by BCBSM except in an emergency.

Note: A list of services that require approval **before** they are provided is available online at bcbsm.com/importantinfo. Select **Approving covered services**.

Pricing information for various procedures by in-network providers can be obtained by calling the customer service number listed on the back of your BCBSM ID card and providing the procedure code. Your provider can also provide this information upon request.

Preauthorization for Specialty Pharmaceuticals - BCBSM will pay for FDA-approved specialty pharmaceuticals that meet BCBSM's medical policy criteria for treatment of the condition. The prescribing physician must contact BCBSM to request preauthorization of the drugs. **If preauthorization is not sought, BCBSM will deny the claim and all charges will be the member's responsibility.**

Specialty pharmaceuticals are biotech drugs including high cost infused, injectable, oral and other drugs related to specialty disease categories or other categories. BCBSM determines which specific drugs are payable. This may include medications to treat asthma, rheumatoid arthritis, multiple sclerosis, and many other diseases as well as chemotherapy drugs used in the treatment of cancer, but excludes injectable insulin.

Provider Networks

Your health care benefits include three provider networks or tiers

- **Tier 1:** Sindecuse Health Center and WMU-Unified Clinic. Members will experience the least out-of-pocket costs when services are provided at

Sindecuse Health Center and WMU-Unified Clinic. This network will consist of Sindecuse Health Center and WMU-Unified Clinic and its professional providers. Tier 1 is considered In-network and unless otherwise noted, benefits will remain the same as Tier 2.

- **Tier 2:** BCBSM PPO In-network Facility and Professional Providers. When services are performed by a provider who is part of BCBSM's PPO In-network, members will experience greater out-of-pocket costs than services provided under Tier 1
- **Tier 3:** Out-of-network Facility and Professional Providers. Members are subject to the greatest out-of-pocket expenses when treatment is received from out-of-network providers without an authorized referral or in absence of an emergency situation

Medicare Supplemental Coverage

Medicare Supplemental coverage is provided to Medicare enrollees who have **both** Medicare Part A and Part B coverage. Your group coverage, in combination with Medicare, allows the **same** level of benefits for Medicare enrollees as provided to members not enrolled in the Medicare program. BCBSM will pay for covered services described in your certificate, minus those amounts payable by Medicare, and minus any applicable deductible and/or copay/coinsurance required by your BCBSM certificate. If a service is not covered by Medicare, but it is a benefit under your BCBSM certificate, payment is based on the BCBSM approved amount minus any applicable deductible and/or copay/coinsurance required by your certificate.

Blue Cross Blue Shield of Michigan is a nonprofit corporation and independent licensee of the Blue Cross and Blue Shield Association. Services from a provider for which there is no Michigan PPO network and services from an out-of-network provider in a geographic area of Michigan deemed a "low access area" by BCBSM for that particular provider specialty are covered at the in-network benefit level. Cost-sharing may differ when you obtain covered services outside of Michigan. If you receive care from a nonparticipating provider, even when referred, you may be billed for the difference between our approved amount and the provider's charge.

All benefits covered and paid by BCBSM, either as the primary or secondary carrier, **are subject to the group's Community Blue coverage benefit limitations, dollar maximums and in-network deductible and/or copay/coinsurance requirements.**

For a complete description of benefits, please see the applicable Blue Cross Blue Shield certificates and riders. For more detailed information on Medicare benefits, please call or visit your local Social Security office or consult the Medicare handbook (available on the Medicare Web site at medicare.gov or at any Social Security office).

Blue Cross provides administrative claims services only. Your employer or plan sponsor is financially responsible for claims.

BCBSM Preferred RX Program

Effective Date: On or after January 2019

Benefits-at-a-glance for AFSCME-Post 65 Retirees

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay/coinsurance. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten or any other plan documents your group uses, if your group is self-funded. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

Specialty Pharmaceutical Drugs - The mail order pharmacy for **specialty drugs** is Walgreens Specialty Pharmacy, LLC, an independent company. Specialty prescription drugs (such as Enbrel® and Humira®) are used to treat complex conditions such as rheumatoid arthritis, multiple sclerosis and cancer. These drugs require special handling, administration or monitoring. Walgreens Specialty Pharmacy will handle mail order prescriptions only for specialty drugs while many in-network retail pharmacies will continue to dispense specialty drugs (check with your local pharmacy for availability). Other mail order prescription medications can continue to be sent to Express Scripts. (Express Scripts is an independent company providing pharmacy benefit services for Blues members.) A list of specialty drugs is available on our Web site at bcbsm.com/pharmacy. If you have any questions, please call Walgreens Specialty Pharmacy customer service at 1-866-515-1355.

We will not pay for more than a 30-day supply of a covered prescription drug that BCBSM defines as a "specialty pharmaceutical" whether or not the drug is obtained from a 90-Day Retail Network provider or mail-order provider. We may make exceptions if a member requires more than a 30-day supply. BCBSM reserves the right to limit the quantity of select specialty drugs to no more than a 15-day supply for each fill. Your copay/coinsurance will be reduced by one-half for each fill once applicable deductibles have been met.

Select Controlled Substance Drugs - BCBSM will limit the initial fill of select controlled substances to a 5-day supply. Additional fills for these medications will be limited to no more than a 30-day supply. The controlled substances affected by this prescription drug requirement are available online at bcbsm.com/pharmacy.

Member's responsibility (copays and coinsurance amounts)

Note: Your prescription drug copays and coinsurance amounts, including mail order copay and coinsurance amounts, are subject to the **same** annual out-of-pocket maximum required under your medical coverage. The following prescription drug expenses will not apply to your annual out-of-pocket maximum.

- any difference between the Maximum Allowable Cost and BCBSM's approved amount for a covered brand-name drug
- the 25% member liability for covered drugs obtained from an out-of-network pharmacy

Features of your prescription drug plan

Custom Drug List	<p>A continually updated list of FDA-approved medications that represent each therapeutic class. The drugs on the list are chosen by the BCBSM Pharmacy and Therapeutics Committee for their effectiveness, safety, uniqueness and cost efficiency. The goal of the drug list is to provide members with the greatest therapeutic value at the lowest possible cost.</p> <ul style="list-style-type: none"> • Tier 1 (generic) - Tier 1 includes generic drugs made with the same active ingredients, available in the same strengths and dosage forms, and administered in the same way as equivalent brand-name drugs. They also require the lowest copay/coinsurance, making them the most cost-effective option for the treatment. • Tier 2 (preferred brand) - Tier 2 includes brand-name drugs from the Custom Drug List. Preferred brand name drugs are also safe and effective, but require a higher copay/coinsurance. • Tier 3 (nonpreferred brand) - Tier 3 contains brand-name drugs not included in Tier 2. These drugs may not have a proven record for safety or as high of a clinical value as Tier 1 or Tier 2 drugs. Members pay the highest copay/coinsurance for these drugs. • Tier 4 (generic and preferred brand-name specialty) - Tier 4 includes covered specialty drugs listed as generic drugs (Tier 1) or preferred brand-name drugs (Tier 2) from the Custom Drug List. These drugs have a proven record for safety and effectiveness, and offer the best value to our members. They have the lowest specialty drug copay/coinsurance. • Tier 5 (nonpreferred brand-name specialty) - Tier 5 includes covered specialty drugs listed as nonpreferred brand name (Tier 3). These drugs may not have a proven record for safety or their clinical value may not be as high as the specialty drugs in Tier 4. They have the highest specialty drug copay/coinsurance.
Drug interchange and generic copay/coinsurance waiver	<p>BCBSM's drug interchange and generic copay/coinsurance waiver programs encourage physicians to prescribe a less-costly generic equivalent.</p> <p>If your physician rewrites your prescription for the recommended generic or OTC alternate drug, you will only have to pay a generic copay/coinsurance. In select cases BCBSM may waive the initial copay/coinsurance after your prescription has been rewritten. BCBSM will notify you if you are eligible for a waiver.</p>
Mandatory maximum allowable cost drugs	<p>If your prescription is filled by any type of network pharmacy, and the pharmacist fills it with a brand-name drug for which a generic equivalent is available, you MUST pay the difference in cost between the BCBSM approved amount for the brand-name drug dispensed and the maximum allowable cost for the generic drug plus your applicable copay regardless of whether you or your physician requests the brand name drug. Exception: If your physician requests and receives authorization for a nonformulary brand-name drug with a generic equivalent from BCBSM and writes "Dispense as Written" or "DAW" on the prescription order, You pay only your applicable copay. Note: This MAC difference will not be applied toward your annual in-network deductible, nor your annual coinsurance/copay maximum.</p>
Over-the-counter drugs	Excludes benefits for certain over-the-counter drugs.
Dosage and quantity of drugs	Your prescription drug coverage has eliminated authorization requirements for select prescription drugs, and dosages and quantities of drugs.
Erectile dysfunction drugs	Limited to no more than 9 doses in a 30-day period.

Benefits-at-a-glance for AFSCME-Post 65 Retirees

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten. If your group is self-funded, please see any other plan documents your group uses. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

Network access information

With Blue Dental PPO, members can choose any licensed dentist anywhere. However, they'll save the most money when they choose a dentist who is a member of the Blue Dental PPO network.¹

Blue Dental PPO network- Blue Dental members have unmatched access to PPO dentists through the Blue Dental PPO network, which offers more than 438,000 dentist locations² nationwide. PPO dentists agree to accept our approved amount as full payment for covered services - members pay only their applicable coinsurance and deductible amounts. Members also receive discounts on noncovered services when they use PPO dentists (in states where permitted by law). To find a PPO dentist near you, please visit mibluedentist.com or call **1-888-826-8152**.

¹Blue Dental uses the Dental Network of America (DNoA) Preferred Network for its dental plans.

²A dentist location is any place a member can see a dentist to receive high-quality dental care. For example, one dentist practicing in two offices would be two dentist locations.

Blue Par SelectSM arrangement- Most non-PPO dentists accept our Blue Par Select arrangement, which means they participate with the Blues on a "per claim" basis. Members should ask their dentists if they participate with BCBSM before every treatment. Blue Par Select dentists accept our approved amount as full payment for covered services - members pay only applicable coinsurance and deductibles. To find a dentist who may participate with BCBSM, please visit mibluedentist.com.

Note: Members who go to nonparticipating dentists are responsible for any difference between our approved amount and the dentist's charge.
