

SECTION 33 0100 - Division 33 Designer Guidelines

WMU maintains an MS4 permit with the MDEQ and must follow the rules of this permit or be subject to fines. The Design Professional shall review the Division 33 appendices and the following website, hosted by WMU's Environmental Health and Safety Department, for additional information and resources around stormwater management on campus: <https://wmich.edu/ehs/services/environmental/water-resources>. Note the link at the bottom of the page to Western's Stormwater Management Program (SWMP).

END OF SECTION 33 0100
