Algebra Seminar

Monday - November 13, 2017

at 4pm, in the Alavi Commons, Everett Tower

Dr. Clifton E. Ealy Jr.
The Department of Mathematics
Western Michigan University

Fusion in Groups II

The main topic of the Algebra Seminar at WMU this academic year is Fusion Systems. Fusion Systems has its antecedents in the work of Burnside. In this series of talks, I will give an overview of the rise of fusion and fusion systems in the study of groups.
