Algebra Seminar

Monday – November 12, 2018

*at 4pm, in the Alavi Commons, Everett Tower*

The Frobenius p-complement Theorem and the Focal Subgroup Theorem

Clifton E. Ealy Jr.
The Department of Mathematics
Western Michigan University

In this talk, I will conclude the sketch the proof of Frobenius’s p-complement Theorem and, on the way, sketch the proof of the Focal Subgroup Theorem. All are welcomed.

1→ C→ G→ G/C→ 1   P ∈ Syl_p(G/C)   1→ C→ G→ G/C→ 1
