

ACCOUNTING YEAR-END NEWSLETTER

May 1, 2023

What belongs in fiscal year 2023?

If you *purchased* and received a good or service by June 30, 2023, the transaction belongs in fiscal year 2023. This means that even if you submit an invoice for payment in July, it will be posted to June based on the information provided on the invoice. It does not matter what the date is on the invoice but rather when the good or service was received.

If you *performed* a service or sold a good by June 30, 2023, the transaction belongs in fiscal year 2023. This means that even if you deposit the payment received in July, it will be posted to June.

Endowment Procedures

As you spend money out of your scholarship or gift accounts, you should be requesting endowment distributions (if applicable) to fund the deficits created. Endowment distributions must be submitted via the Endowment Management System (EMS). Do not transfer funds from an endowment (fund 54 or fund 56) via a JES as it violates the corpus by posting the transfer against the principal rather than against the spendable dollars.

To guarantee your endowment distribution is posted by June 30th, submit the distribution request via the EMS by June 15th.

Now is a good time to review your department's EMS user assignments to make sure they are current. Review the primary and secondary contact information and the list of people who have web access on the EMS Fund Summary Page.

Vouchers

Generic and travel vouchers, including grants, for fiscal year 2023 must be received by Payroll and Disbursements by 5:00pm on July 5th. Please review "[What belongs in fiscal year 2023](#)" above for information on how your vouchers will be treated.

Procurement Cards

In order for procurement card purchases to be included in fiscal year 2023, we recommend that purchases be completed by June 16th. The purchase must be posted to the procurement card account by the last business day of June in order for the expense to be included in fiscal year 2026. Vendor processing times vary.

If you are pre-paying for a fiscal year 2024 good or service, that purchase must be submitted to Payroll and Disbursements on a generic voucher.

Technology Purchases

In order for technology purchases to be included in fiscal year 2023, we recommend that purchases be completed by June 9th.

Purchasing Procedures

Purchase requisitions for fiscal year 2023 must be received by the Purchasing Department by 5:00pm on June 9th. Purchase requisitions for fiscal year 2024 should be clearly marked that it is for next year's budget.

The University's Central Receiving Office and Mailing Services will process all shipments and mailing forms received through June 30th.

Any goods or services received directly by a department involving a university purchase order by June 30th must be reported immediately to the University Central Receiving Office.

Year-end commitments to fund 11 will be reflected in the carry-forward budget as memo items against the fiscal year operating budget and include the Physical Plant, Purchasing, Library Acquisitions and other miscellaneous year-end commitments.

Projects and Work Orders

Facilities Management will provide a list as of June 30th to the Budget Office of projects/work orders that meet all of the following criteria to be encumbered for next fiscal year:

1. Funded with fund 11 dollars only,
2. Does not have a fund 63 attached to the project/work order,
3. Not complete as of June 30th, and
4. Have unused funding allocated to the project.

Departments need to verify that the June 30th ending balance for that cost center has adequate funds to cover the unused portion. The encumbrance will not be seen in GLOW in the current fiscal year. The funding will be returned next fiscal year to the same cost center in account number 4353 in the budget column. This can be found in GLOW when the perm budgets are booked.

Project Requests and Approvals

Departments desiring to encumber project costs with current fiscal year funding must submit a request in the Bronco Project Request system [here](#) no later than May 26th with "FY23" noted.

Signed project budget approvals with current fiscal year funding must be returned to the Project Manager with "FY23" confirmed on the document and communicated clearly by June 14th.

Please keep in close contact with your Project Manager to be aware of your project's status, and use the billing detail website [here](#) to help track your project costs.
