

## WMU Natural Areas Tree Donation Procedure

If you are interested in purchasing and dedicating a tree, please fill out the following Tree Donation Application. The donation fee is \$500 for a tree with a 1-2" trunk diameter. This fee supports the cost of the tree as well as maintenance and care. Your tree will be guaranteed for 1 year. You may choose whether you would like to have the tree planted at Kleinstuck Preserve or Asylum Lake Preserve, but WMU is responsible for determining the location at the preserve in which the tree is planted. No plaques or signs of any kind will be allowed on WMU Natural Areas property. Trees must be chosen from the Native Tree List. If you have any questions please contact [cari.delong@wmich.edu](mailto:cari.delong@wmich.edu).

Preserve which you would like your tree planted: (Please circle one)

Asylum Lake Preserve

Kleinstuck Preserve

*We guarantee that the nursery stock has been inspected by the Michigan Department of Agriculture, and is healthy and true to name. We have a professional staff of groundskeepers, gardeners, and arborists to monitor plantings using a variety of modern, standard techniques, however, no warranty, other than that of the supplier, is given, expressed, or implied as to the productivity or like of any nursery stock we plant. We cannot be responsible for the effects of natural factors such as insects, disease injuries, or any other "Acts of God" beyond our control.*

WESTERN MICHIGAN UNIVERSITY

### Mail Application and Check\* To:

Steve Keto

1903 West Michigan Ave

Physical Plant, WMU

Kalamazoo, MI 49008-5324
