

OFFICE OF UNIVERSITY BUDGETS AND FINANCIAL PLANNING

WMU BUDGET REPORTING INSTRUCTIONS

(FOR THE WEB)

The WMU budget reporting panel provides reports designed to help departments track their permanent budgets.

The following reports are currently available on the WMU budget reporting panel:

Personnel List – Used to compare employee job data to permanent budget by position.

Permanent Base Budget Summary – Provides a summary of the permanent budget by account for each department.

Permanent Base Budget Detail – Provides a detail listing of all permanent budget adjustments by position and account for each department.

Reallocation Data Comparison – Preliminary base budget with 3 years of actual history for budget planning analysis.

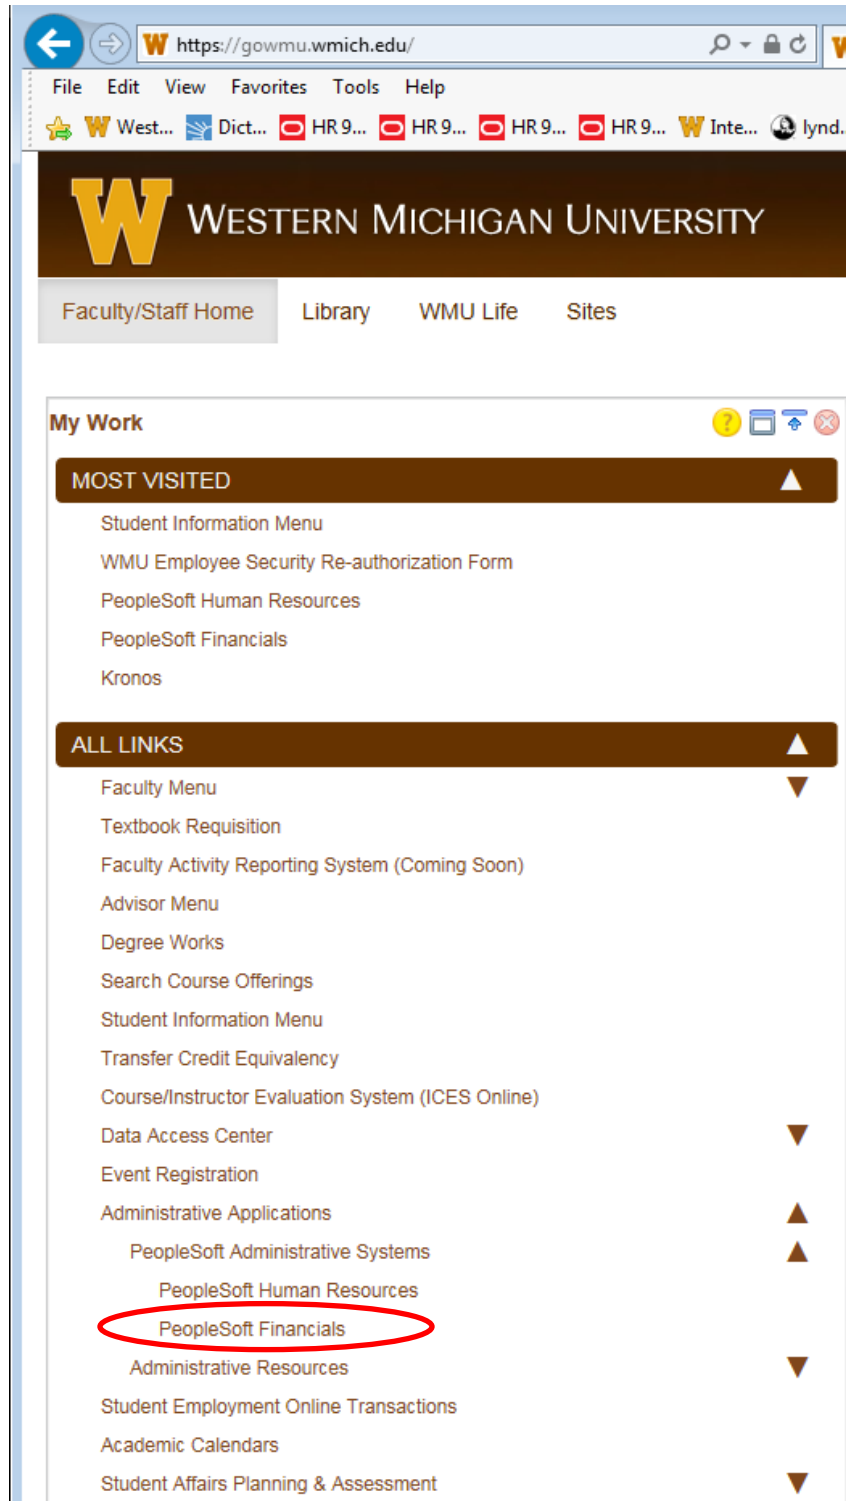

The reports have a couple of options including the ability to get information for a previous fiscal year.

To gain security to WMU budget reporting you will need to request authorization. See <http://wmich.edu/budget/resources> for an authorization form. If you have any problems accessing the site, please contact Kathy Houser at kathy.houser@wmich.edu or 7-4286.

To access the budget reporting please log into GoWMU using your **bronco net id**. You will find a link to GoWMU on the WMU home page or you may also access the following web address: <https://gowmu.wmich.edu>.

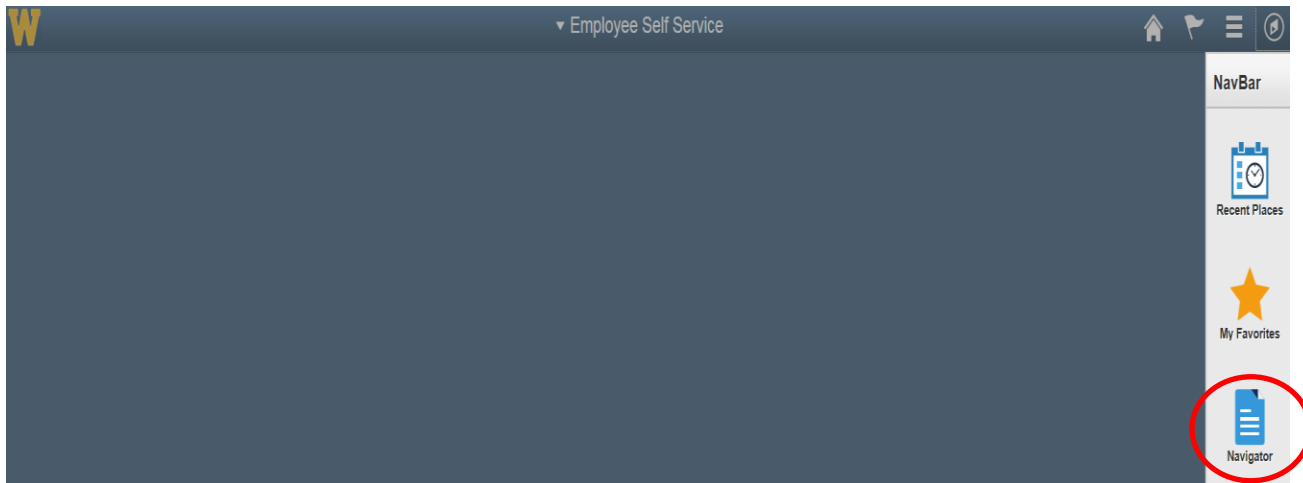

The screenshot shows the Western Michigan University Central Authentication Service login page. At the top is the WMU logo and name. Below is the title 'Central Authentication Service'. The main content area is divided into several sections: 1. A login form with a text input for 'Bronco NetID', a checkbox for 'Warn me before logging me into other sites.', and an 'ENTER' button. 2. A yellow warning box titled 'WMU Is Seeing A Large Number Of Phishing Attempts' with a message about fraudulent links. 3. A 'Getting Started' section with links for 'First Time Logging in?' and a paragraph about user responsibility. 4. A 'Service Alerts' section with sub-sections for 'Current outages' (stating services are operating normally) and 'Planned outages' (stating there are no scheduled outages). 5. An 'Authorized/Proxy Access' section with links for 'Set up an Authorized/Proxy user:' and 'Log in as an Authorized/Proxy user:'. The footer contains the university's contact information and a page number '1'.

After logging into GoWMU, locate the "Faculty/Staff Home" tab on the left side of your screen. Under "My Work" click the down arrow for the ALL LINKS box and then select the down arrow next to Administrative Applications. Select the down arrow next to PeopleSoft Administrative Systems and select PeopleSoft Financials. You will be directed to PeopleSoft.

When you have successfully logged in, this is the first panel that will appear. To locate the navigation menu, select the  icon in the upper right hand corner.

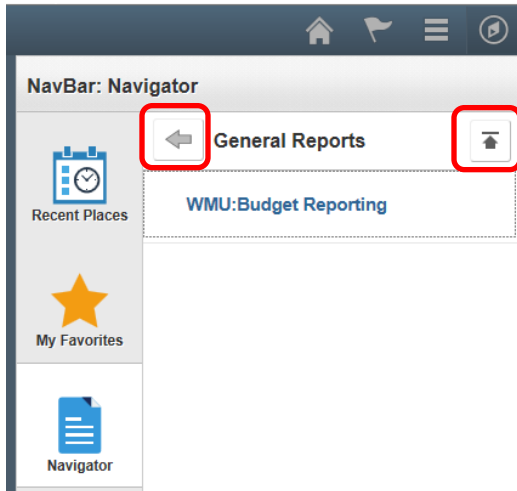

The navigation bar will appear as a vertical bar on the right hand side of the screen. Please select the navigator  button.

Please follow the path listed below by clicking on each option.

Main Menu > General Ledger > General Reports > WMU:Budget Reporting

Note: For ease in navigating, the following options are available on the NavBar: Navigator:

The navigator bar toolbar has the following options:

 Back Button - Moves the navigation menu back one level.

 Main Navigation - Moves the navigation menu back to the beginning "Main Menu."

WMU:Budget Reporting

Enter any information you have and click Search. Leave fields blank for a list of all values.

[Find an Existing Value](#) [Add a New Value](#)

▼ **Search Criteria**

Search by: Run Control ID begins with

Include History Case Sensitive

[Search](#) [Advanced Search](#)

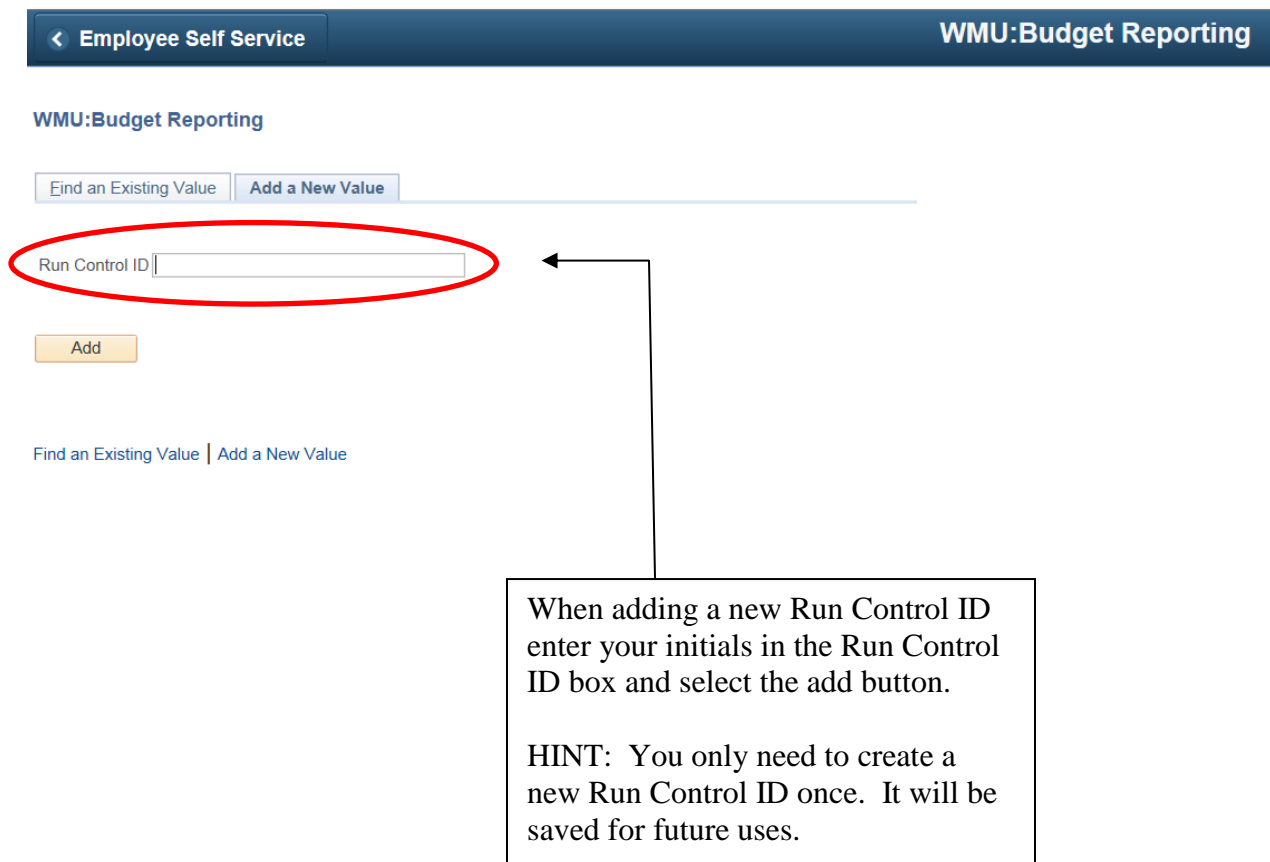

[Find an Existing Value](#) | [Add a New Value](#)

Enter your initials in the Run Control ID box and select the search button. If this is the first time you have accessed WMU budget reporting you must add a new run control id. Please see next page for instructions.

RUN CONTROL ID PANEL:

This will bring you to the Run Control Id screen. If this is the first time you have accessed WMU budget reporting, you must click on the "Add a New Value" tab. Please use your three initials (example: Bob M. Smith - bms) as your run control id. After entering your initials select the add button. Please keep in mind that you only need to add a new value the first time you access WMU budget reporting. Once you have created your run control id, the next time you access WMU budget reporting you will not click on add a new value. You will simply enter your run control id on the "Find an Existing Value" tab and select the search button (see previous page).

Your run control id will always be your initials regardless of the department you are requesting data for.

Employee Self Service WMU:Budget Reporting

WMU:Budget Reporting

Find an Existing Value Add a New Value

Run Control ID

Add

Find an Existing Value | Add a New Value

When adding a new Run Control ID enter your initials in the Run Control ID box and select the add button.

HINT: You only need to create a new Run Control ID once. It will be saved for future uses.

SIGN ON PANEL:

This brings you to the sign on panel. The first step is to enter the tree node name and password that have been issued by the Budget Office specifically for your area and then select the sign in button.

Please note: Tree nodes are specific to a particular VP, college or area. The nodes contain all departments that belong to a VP, college or area within a particular fund. Therefore, if your area contains fund 11, 23 and 24 departments you will have a minimum of 3 tree nodes. Your password for each node will remain the same. For example, if you wish to access records for your fund 11 you would enter your fund 11 tree node with your password. If you then wish to access records for your fund 23 you would enter your fund 23 tree node along with the same password.

If the tree node and password are valid the remaining criteria options will appear.

The screenshot shows the 'Employee Self Service' interface for 'WMU: Budget Reporting'. At the top, there is a navigation bar with a back arrow and the text 'Employee Self Service' on the left, and 'WMU: Budget Reporting' on the right. Below this, a sub-header 'WMU: Budget Reporting' is visible. The main content area includes 'Run Control ID smk', 'Report Manager', 'Process Monitor', and a 'Run' button. The sign-on section features three red circles: one around the 'Tree Node:' input field, one around the 'Password:' input field, and one around the 'Sign On' button. A 'Parameters' box below these fields contains three numbered items (1, 2, 3) with arrows pointing to the respective input fields and button. At the bottom, there is a list of actions: 'Save', 'Return to Search', 'Notify', 'Add', 'Update/Display', and 'Include History'. A text box at the bottom of the page contains the following instructions:

1. Enter the tree node name (sent with authorization confirmation).
2. Enter the password.
3. Click the Sign On button.

PARAMETER PANEL:

When this screen appears, you may enter the criteria that you wish to view on your report. There are a couple of different options you may choose.

On July 1 or the date the budget was booked, your permanent or base budget became your one-time budget that you see on GLOW. Using that base budget as a starting point we begin building the permanent budget for the following fiscal year. **Budget Reference refers to the fiscal year we are building not the fiscal year we are currently in.** For example: When the budget was booked for 16/17, we began using budget reference FY2018 to build the budget for 17/18. Upon completion of booking 17/18, we will begin using budget reference FY2019.

Please note: The personnel report should only be run using the most current budget reference. The employee data from Human Resources will always be the most current information.

The Budget Reference field always begins with "FY" followed by the 4-digit year. For example: FY2018.

The screenshot displays the 'WMU:Budget Reporting' interface. At the top, there is a navigation bar with 'Employee Self Service' and 'WMU:Budget Reporting'. Below this, the 'Parameters' section is visible, containing three input fields: 'Budget Reference:', 'WMU Begin DeptID:', and 'WMU End DeptID:'. The 'Budget Reference:' field is circled in red, and an arrow points from a text box below to it. The text box contains the instruction: 'Budget Reference begins with "FY" followed by the 4-digit year.' Other elements include a 'Run Control ID smk', 'Report Manager', 'Process Monitor', and 'Run' buttons at the top; a 'Tree Node: 11-210-ENG APP SCIEN' and 'Password: XXXXXXXX' field with a 'Sign On' button; and a row of action buttons at the bottom: 'Save', 'Return to Search', 'Notify', 'Add', 'Update/Display', and 'Include History'.

You begin by entering the budget reference. (Please see previous page for explanation of budget reference.)

You must then enter the begin and end department id for which you are requesting data. You may enter a range of departments – for example: begin deptid is 1210000 and end deptid is 1219999. You may also get data for one department by keying the same department id in both the “begin and end” fields. Another option, as indicated in the example below, is to enter all zeros in the begin deptid field and all nines in the end deptid field. This option will give you all departments that are associated with your tree node.

Please remember that you will only get departments that are associated with the tree node you have entered. The tree nodes are specific to a fund. Therefore, it is necessary to complete this process multiple times if you are trying to get data for several funds, as you will have different tree node names for each fund assigned to your area.

The screenshot shows the 'WMU:Budget Reporting' interface. At the top, there is a navigation bar with 'Employee Self Service' and 'WMU:Budget Reporting'. Below this, there is a breadcrumb 'WMU:Budget Reporting'. The main area contains a 'Run Control ID' field with the value 'smk', and links for 'Report Manager', 'Process Monitor', and a 'Run' button. Below these is a 'Tree Node' field with the value '11-210-ENG APP SCIEN' and a 'Password' field with the value 'xxxxxxxx'. A 'Sign On' button is next to the password field. The 'Parameters' section contains three input fields: 'Budget Reference' with the value 'FY2018', 'WMU Begin DeptID' with the value '0000000', and 'WMU End DeptID' with the value '9999999'. Below the parameters are several buttons: 'Save', 'Return to Search', 'Notify', 'Add', 'Update/Display', and 'Include History'. A 'Run' button is also present. Arrows labeled 1, 2, 3, and 4 point to the 'Save' button, the 'Run' button, the 'WMU Begin DeptID' field, and the 'Run' button respectively.

Once you have filled in the desired criteria, you must click on the save button. Once the information is saved, you can select the run button.

1. Enter Budget Reference.
2. Enter begin and end department id.
3. Select the Save button.
4. Select the Run button.

PROCESS SCHEDULER REQUEST PANEL:

Selecting the run button brings you to the process scheduler request panel. It is at this panel you must select the report you wish to run. Select the report by checking the box next to the report description.

Please note that the server name must be PSUNX. If this is not displayed in the box please use the drop down arrow next to the box to select the server PSUNX.

You will notice that next to each report description is a process name. (WMUBD008, WMUBD018, WMUBD027, and WMUBD045) These process names will be needed to locate the report to print.

The screenshot shows the 'Process Scheduler Request' window. At the top, it displays 'User ID reb6285' and 'Run Control ID smk'. Below this, there are fields for 'Server Name' (set to PSUNX), 'Recurrence', and 'Time Zone'. To the right, there are fields for 'Run Date' (10/20/2017) and 'Run Time' (5:03:02PM), along with a 'Reset to Current Date/Time' button. A 'Process List' table is shown below, with columns for 'Select', 'Description', 'Process Name', 'Process Type', '*Type', '*Format', and 'Distribution'. The table lists four reports: Personnel List, Permanent Base Budget Summary, Permanent Base Budget Detail, and Reallocation data comparison. Each row has a checkbox in the 'Select' column. At the bottom left are 'OK' and 'Cancel' buttons. Numbered callouts 1-4 point to the Server Name dropdown, a checkbox in the Process List, the *Format dropdown, and the OK button, respectively.

Select	Description	Process Name	Process Type	*Type	*Format	Distribution
<input type="checkbox"/>	Personnel List	WMUBD008	SQR Report	Web	PDF	Distribution
<input type="checkbox"/>	Permanent Base Budget Summary	WMUBD018	SQR Report	Web	PDF	Distribution
<input type="checkbox"/>	Permanent Base Budget Detail	WMUBD027	SQR Report	Web	PDF	Distribution
<input type="checkbox"/>	Reallocation data comparison	WMUBD045	SQR Report	Web	PDF	Distribution

1. Using the drop down box, select PSUNX as the Server Name.
2. Check the report you wish to run.
3. Select the report format.
4. Select the OK button.

OK Cancel

RUNNING TO PDF:

Please note that the report type defaults to “web” and the report format defaults to “PDF.” These defaults will create a clear, formatted report that is easy to read. However, you must have Adobe Acrobat Reader to view your report. If you do not have access to Adobe you may be able to download a free copy from the Adobe website.

RUNNING TO EXCEL:

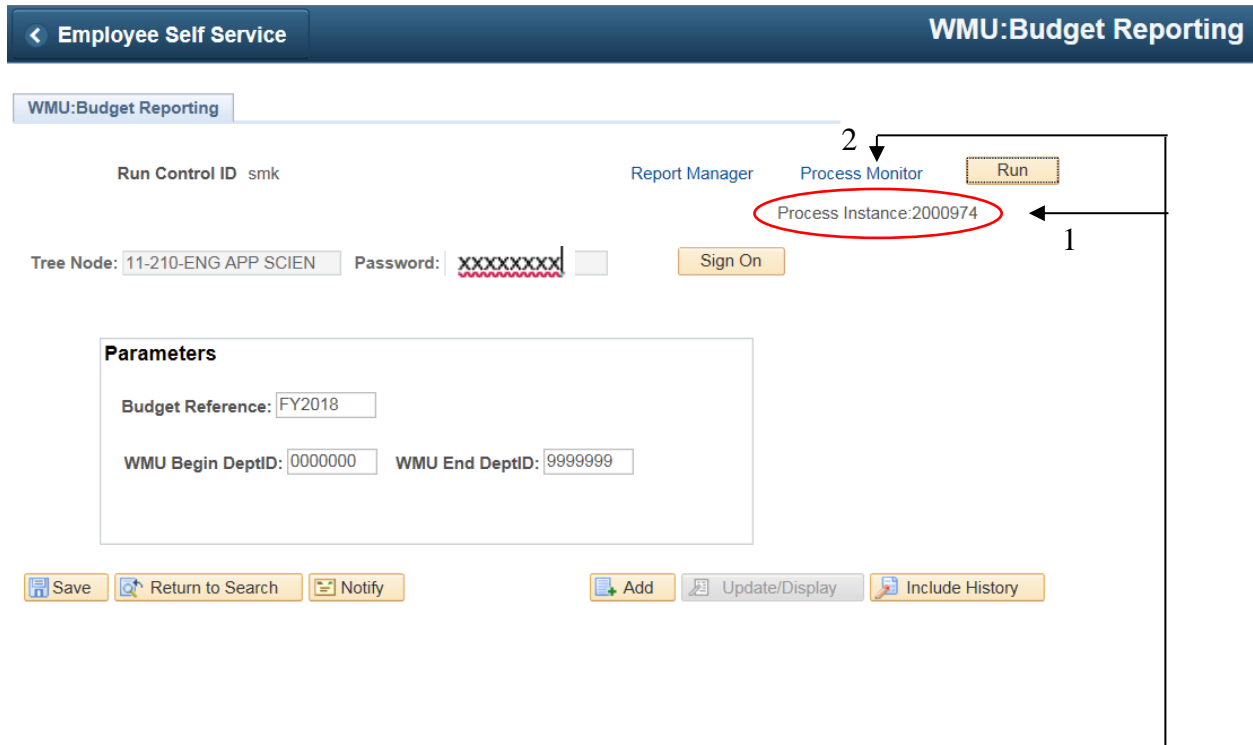

You may also at this time choose to run your report to excel. (Please note that although this function does create an excel file that is editable, it does require some cleanup by the user as all headings and titles may not come through clearly.) If you would like to use this option, change the type to web and change the format to CSV.

After checking the report you wish to run, select the OK button.

PARAMETER PANEL WITH PROCESS INSTANCE INFORMATION:

This will bring you back to the WMU:Budget Reporting panel. In the right hand corner under the run button your will see your process instance number. You will need to reference this number to print the correct report.

Select the blue "process monitor" option next to the run button.

The screenshot shows the WMU:Budget Reporting interface. At the top, there is a navigation bar with "Employee Self Service" and "WMU:Budget Reporting". Below this, the "Run Control ID" is set to "smk". In the top right corner, there are three buttons: "Report Manager", "Process Monitor", and "Run". The "Process Instance:2000974" is displayed next to the "Run" button, circled in red. A red arrow labeled "1" points to this text, and another red arrow labeled "2" points to the "Process Monitor" button. Below the buttons, there is a "Sign On" button and a "Parameters" section with input fields for "Budget Reference" (FY2018), "WMU Begin DeptID" (0000000), and "WMU End DeptID" (9999999). At the bottom, there are several utility buttons: "Save", "Return to Search", "Notify", "Add", "Update/Display", and "Include History".

1. Note the process instance number.
2. Select Process Monitor.

PROCESS/REPORT LIST PANEL:

If your userid is not indicated in the user id box please enter it there. This is the userid that you used to sign into PeopleSoft. Then select the yellow refresh button.

You should find the report that you just ran by referencing the instance number along with the process name. Check the run status. The report is not complete until the status changes to "Success." To update the status you must click on the yellow refresh button located in the top right hand corner of the panel. When the status indicates success select the process name.

The screenshot shows the 'Process List' panel in the 'WMU:Budget Reporting' application. The panel includes a search section for 'View Process Request For' with fields for User ID (reb6285), Type, Last, 1 Days, Server, Name, Instance From, Instance To, Run Status, and Distribution Status. A 'Refresh' button is circled in red and labeled '3'. Below is a table with columns: Select, Instance, Seq., Process Type, Process Name, User, Run Date/Time, Run Status, Distribution Status, and Details. The first row shows Instance '2000974', Process Type 'SQR Report', Process Name 'WMUBD018', User 'reb6285', Run Date/Time '10/20/2017 5:03:02PM EDT', Run Status 'Success', and Distribution Status 'Posted'. The 'Instance' field is labeled '1', the 'Success' status is labeled '2', and the 'Details' link is labeled '4'. A 'Go back to WMU:Budget Reporting' link and 'Save' and 'Notify' buttons are at the bottom.

Select	Instance	Seq.	Process Type	Process Name	User	Run Date/Time	Run Status	Distribution Status	Details
<input type="checkbox"/>	2000974		SQR Report	WMUBD018	reb6285	10/20/2017 5:03:02PM EDT	Success	Posted	Details

1. Locate the correct report using the process instance number.
2. Check the run status.
3. Select the Refresh button until the run status indicates "success."
4. Select details.

Then select the view log/trace.

The screenshot shows a 'Process Detail' window with the following sections:

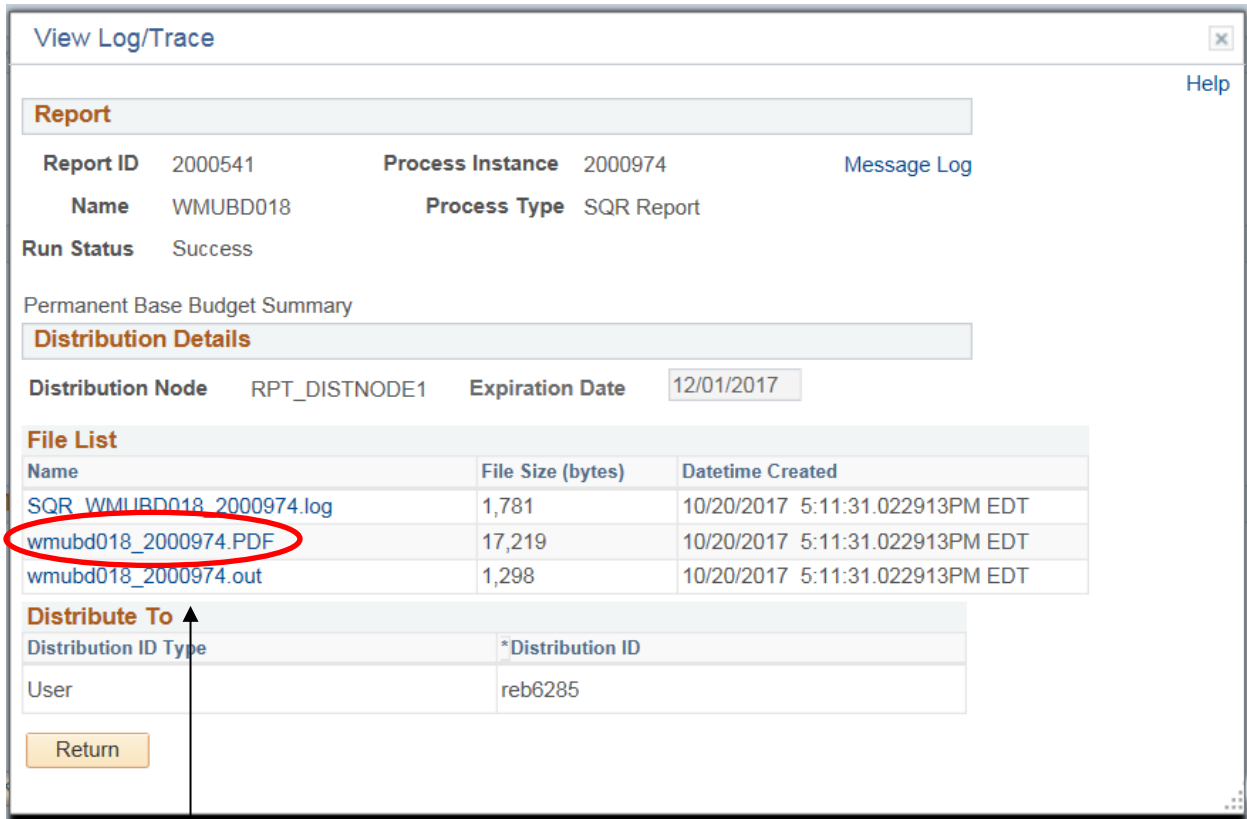

- Process:** Instance 2000974, Name WMUBD018, Run Status Success, Type SQR Report, Description Permanent Base Budget Summary, Distribution Status Posted.
- Run:** Run Control ID smk, Location Server, Server PSUNX, Recurrence.
- Update Process:** Radio buttons for Hold Request, Queue Request, Cancel Request, Delete Request, Re-send Content, and Restart Request.
- Date/Time:** Request Created On 10/20/2017 5:11:16PM EDT, Run Anytime After 10/20/2017 5:03:02PM EDT, Began Process At 10/20/2017 5:11:27PM EDT, Ended Process At 10/20/2017 5:11:31PM EDT.
- Actions:** Parameters, Message Log, Batch Timings, View Log/Trace (circled in red), Transfer.

Buttons for OK and Cancel are located at the bottom left.

1. Select View Log/Trace.

VIEW LOG/TRACE PANEL:

Select the PDF file and your report will appear on the screen. Again, you must have Adobe Acrobat Reader to view your report. If you do not have access to Adobe you may be able to download a free copy from the Adobe website.

The screenshot shows a web interface titled "View Log/Trace". It contains several sections:

- Report**: A header section with fields for Report ID (2000541), Process Instance (2000974), Name (WMUBD018), Process Type (SQR Report), and Run Status (Success). There is a "Message Log" link.
- Distribution Details**: A section with fields for Distribution Node (RPT_DISTNODE1) and Expiration Date (12/01/2017).
- File List**: A table with columns for Name, File Size (bytes), and Datetime Created. The file "wmubd018_2000974.PDF" is circled in red.
- Distribute To**: A section with fields for Distribution ID Type and User (reb6285).
- Return**: A button at the bottom left.

Name	File Size (bytes)	Datetime Created
SQR_WMUBD018_2000974.log	1,781	10/20/2017 5:11:31.022913PM EDT
wmubd018_2000974.PDF	17,219	10/20/2017 5:11:31.022913PM EDT
wmubd018_2000974.out	1,298	10/20/2017 5:11:31.022913PM EDT

1. Select the PDF or CSV file.

In order to return to the criteria panel, either close out of the report or minimize the report window. This will bring you back to the view log/trace panel. Select the return button at the bottom of the panel. This will bring you back to the process detail panel. Select the cancel button at the bottom of the screen. This will bring you back to the process list. Select the blue option "Go Back to WMU:Budget Reporting" at the bottom of the panel. This will bring you back to a blank WMU:Budget Reporting panel.
