The pay earnings report provides departments with a detail listing of their payroll expense by employee for each pay period. It is designed to help departments reconcile their payroll accounts against GLOW. The report has various options including the ability to get information for a fiscal year or a specific pay period.

To gain security to the pay earnings report, you will need to request authorization. See <http://wmich.edu/budget/resources> for an authorization form. If you have any problems accessing the site, please contact Kathy Houser at kathy.houser@wmich.edu or 7-4286.

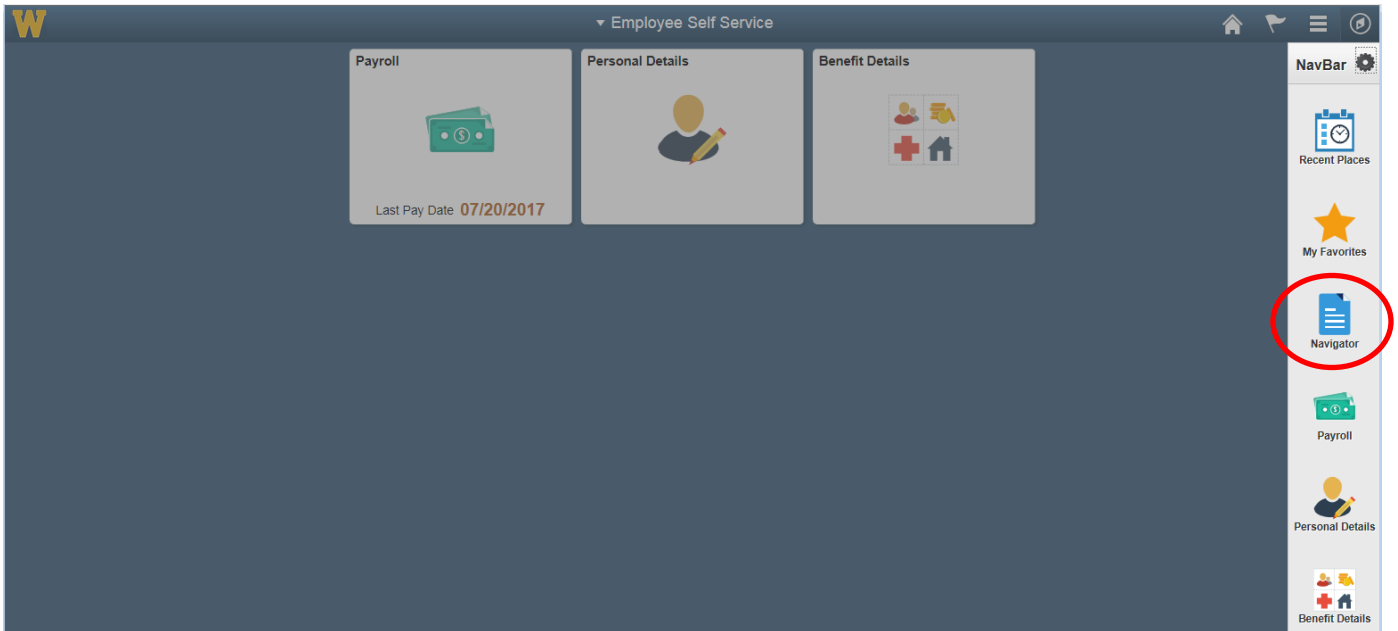

To access the pay earnings report please log into GoWMU using your **bronco net id**. You will find a link to GoWMU on the WMU home page or you may also access the following web address: <https://gowmu.wmich.edu>.

Enter any information you have and click Search. Leave fields blank for a list of all values.

Run Control ID

This will bring you to the Run Control Id screen. If this is the first time you have accessed the pay earnings report, you must click on the "Add a New Value" tab. Please use your issued department id as your run control id. The department id is seven characters (ex: 1252500). After entering your department id select the add button. Please keep in mind that you only need to add a new value the first time you access the pay earnings report. Once you have created your run control id, the next time you access the pay earnings you will not click on add a new value. You will simply enter your run control id and select the search button.

Your run control id will always match your issued department id even when requesting data for another department.

Below these buttons is a text input field labeled 'Run Control ID'. Underneath the input field is an orange 'Add' button.
