## 2017-18 Annual Performance Improvement Report

### Participant Satisfaction

Maintaining participant satisfaction at or above 95% in all services provided is critical to our success. We have met and exceeded our goal in many service areas. Each year, we solicit feedback from individuals receiving our services. Below is a breakdown of participant satisfaction with respect to each service we provide.

### Financial Outcomes

The agency finished the fiscal year in the black for the third consecutive year. The total agency revenue increased by \$64,070 over the past year. There were zero audit findings resulting in a management letter.

### Therapeutic Interactions

Therapeutic interactions are planned interactions between a participant and a staff member, defined in a plan of service, and intended to achieve a desired outcome. The graph to the left represents each instance of a recorded therapeutic interaction by program.

# Health and Safety

Maintaining health and safety is a top priority at the Center for Disability Services. Our faculty, staff and students are committed to providing safe and healthy environments for all attending CDS programs. We continue to comply with health and safety regulations, employee training programs and monitor trends in critical incidents to ensure our staff are maintaining safety and health standards to keep our consumers safe, healthy and happy. Our safety committee continues to monitor and identify trends, implement training where needed and provide annual summaries of incidents.
