

THE SHIRLEY J. AIKEN GEOSCIENCES SCHOLARSHIP

This fund shall support a junior or senior undergraduate Geological and Environmental Science major. Preference will be given to a geochemistry student interested in entering the mining and mineral industry and students with a background in volunteerism and giving back to the community. Multidiscipline majors such as both biology and geology, or chemistry and geology will be given a positive consideration.

Please submit a letter requesting support by the appointed deadline to Kathy Wright at Kathryn.wright@wmich.edu. The scholarship will be awarded at the spring awards banquet in April.
