

**PROPOSAL: Create the Vision Certificate for Teachers**

Background

The Graduate Studies Council of the Faculty Senate has approved the creation of the Create the Vision Certificate for Teachers offered by the Department of Blindness and Low Vision Studies in the College of Health and Human Services.

This program has been in place for 15 years. It began out of the Graduate College and was moved to the College of Education without BLVS knowledge. Due to the SRM, all funds for these students have gone to the College of Education, while all courses are taught in CHHS through the BLVS department. This change will allow the funds to go to where students are taking the classes.

Recommended Action

Create the Vision Certificate for Teachers.
