PROPOSAL: Master of Science in Finance

Background

The Graduate Studies Council of the Faculty Senate has approved the creation of a new major, a Master of Science in Finance, to be offered by the Department of Finance and Commercial Law in the Haworth College of Business. There has been an increasing demand for specialized business programs at the graduate level as MBA programs have declined in size. Qualified individuals with broad skills in finance are in increasing demand and there are several new programs offering the MScFin degree in the USA and across the globe. Almost all new programs in the USA are STEM qualified.

Recommended Action

Create a new major called Master of Science in Finance.
