

PROPOSAL: Minor in Healthcare Services and Sciences

Background

The Undergraduate Studies Council of the Faculty Senate has approved the creation of a minor in Healthcare Services and Sciences to be offered by the School of Interdisciplinary Health Programs in the College of Health and Human Services. This minor will provide a complement to many existing WMU majors and help graduates obtain jobs or admission to graduate programs in the growing field of health care. The required courses are all HSV (healthcare services) courses and provide students the ability to learn the skills and knowledge to meet the Healthcare Services and Sciences program mission: To help students understand the health care world and how to work successfully in it.
