

PROPOSAL: Move the Minor in LatinX and Latin American Studies to the Department of Spanish.

Background

The Faculty Senate Executive Board has approved the moving of the Minor in LatinX and Latin American Studies from the College of Arts and Sciences to the Department of Spanish.

This is a change in administrative structure only. Courses and programs previously housed in the College of Arts and Sciences, which are listed by the Registrar under the College of Arts and Sciences/Interdisciplinary Programs, will now be administratively housed in the Department of Spanish. This will allow more efficient administration of these and other programs, and will allow us to expand these programs significantly in the coming years.

Recommended Action

Moving the Minor in LatinX and Latin American Studies to the Department of Spanish.
