Questions and Acknowledgment

General Information: Today a wide range of professional healthcare and mental health care organizations, agencies, schools and other educational/service organizations providing counseling and clinical services require criminal background checks before permitting individuals to train and/or work in their setting. These may be organizations providing services to potentially vulnerable clients (e.g., young children, juveniles, psychiatric inpatients, elders) and health and mental health care organizations where there is a well-recognized need for individuals in training and working professionally to practice safely. To facilitate movement through and successful completion of our programs, including access for training in our departmental training clinics (i.e., CCPS-Kalamazoo and CCPS Grand Rapids), we ask applicants to respond to the criminal history questions below. All applicants will, subsequently complete a criminal history background check after receiving an offer of admission and prior to completion of the first semester in their program of study. Requesting you to do the background check early is to ensure that you are able to move through your program of study as easily as possible while we also live up to our goal of protecting vulnerable clients. If any applicant's background check comes back positive, we will review your circumstances on an individual basis and will take into consideration the type of convictions, your age at the time of the incident, and the amount of time that has elapsed since the last incident. In essence, we will work with you to assess the potential impact on your career and assist in mitigating its impact to the extent that is possible as well as work with you on determining the next steps in your career. Thus, faculty reviewing applications for admission may wish to talk to applicants as part of the admission process if a reported history has possible training and career implications.

Criminal Conviction History Questions:

Please answer the following two questions; complete the Statement of Learning from Life Experiences if applicable, and then sign the Acknowledgment and Agreement Statement.

(1) Excluding minor civil traffic violations, have you ever been convicted, pleaded guilty to, or and/or entered a no contest plea to a felony or misdemeanor?

Yes No

If Yes, list date, charge, place, court and action taken. A prior conviction does not necessarily mean that you cannot be admitted to the program to which you have applied. Criminal convictions will be considered in relation to any training and/or career implications for the program to which you have applied. (If applicable, responses may be typed in the expandable area below.)

(2) Do you currently have any felony or misdemeanor charges pending against you, other than minor traffic offenses?

Yes

No

If Yes, explain fully (If applicable, responses may be typed in the expandable area below.)

Statement of Learning from Life Experiences: Applicants with a criminal conviction history are invited to provide a written statement addressing subsequent learning from life experiences. This invitation is an opportunity to increase our understanding of you in reviewing your application. (If applicable, responses may be typed in the expandable area below.)

Acknowledgment and Agreement Statement:

I understand and agree that if I am accepted for admission and enroll in the program, I have applied to in Department of Counselor Education and Counseling Psychology (CECP) that I will complete the background check procedures established by the CECP department at my expense after being accepted and prior to the conclusion of my first semester in the program. I understand that if I do not complete the CECP department's established background check procedures prior to completion of my first semester that I may not continue to take courses until the background check is completed.

To complete the background check process, I understand that students accepted for admission and enrolling for the first time:

for a fall semester must request and start their background check by October 1.

for a spring semester must request and start their background check by February 1.

for a summer I session must request and start their background check by June 1.

for a summer II session must request and start their background check by October 1.

A program registration hold will be placed on a student's account if the appropriate deadline for starting the background check process is not met.

I understand that if my background check indicates that I have not provided accurate information and/or that I have not disclosed a history of criminal conviction in my answers on my application that I may be dismissed from the program.

I understand and agree that once admitted I will self-report any subsequent arrests or convictions immediately to the CECP department chair. Failure to do so may result in dismissal from the program.

I understand that external training and/or internship placement sites may vary in their background check requirements, procedures, and standards for accepting candidates into their respective professional settings. External sites may require their own separate criminal background checks and procedures.

I understand that if I have been convicted of a felony or misdemeanor, these incidents may make it difficult to obtain required external/internal agency training experiences (i.e., practicum, field practicum, internship), and if unable to obtain these required experiences I will not be able to complete my program of study and graduate.

I am further aware that if I have been convicted of a felony or misdemeanor, I may not be eligible for licensure or certification by the State of Michigan **or by other jurisdictions.**

I understand that eventual eligibility for professional licensure is determined by the professional licensing board in the relevant jurisdiction. Professional licensing laws and regulations vary from state to state; and questions concerning eventual eligibility for professional licensure should be directed to the appropriate professional licensing board in the relevant jurisdiction.

Resources on Implications of History of Criminal Convictions and Employment in Health Care, Mental Health Care and Education Settings.

I understand that information on the possible implications of a history of criminal convictions and employment, contracting, and clinical privileges in certain public health care, mental health care and educational settings in Michigan is available in the Michigan Public Health Code, the Michigan Mental Health Code and information related to criminal convictions and certification by the Michigan Department of Education.
