| Education Commission of the States | The Education Commission of the States (ECS) is an interstate compact created in 1965 to improve public education by facilitating the exchange of information, ideas and experiences among state policymakers and education leaders. As a nonprofit, nonpartisan organization involving key leaders from all levels of the education system, ECS creates unique opportunities to build partnerships, share information and promote the development of policy based on available research and strategies. Forty-nine states, three territories and the District of Columbia constitute the commission's current membership. Each member state or territory is represented by seven commissioners -- the governor and six other individuals, typically legislators, chief state school officers, state and local school board members, superintendents, higher education officials and business leaders. | http://www.ecs.org/html/statesTerritories/stateinfo.asp?state=MI

| Michigan Municipal Services Authority | The MSA, also referred to as a "Virtual City," was created to encourage best practices, teamwork and inter-local cooperation between municipalities and school districts. Collaboration between local units of government, to get the most out of the citizens' tax dollars, has been a hallmark of the Snyder administration. Created by inter-local agreement, the 12-member authority oversees the development of shared city services between Grand Rapids and Livonia. The agreement allows the communities to collaborate in the delivery of services such as information technology, finance and accounting, payroll processing, and health care pooling. All appointees serve a term expiring at the pleasure of the appointing authority. |
| Michigan State Council for Interstate Juvenile Supervision | The interstate Compact for Juveniles is a formal agreement between member states with the goal of preserving child welfare and promoting public safety interests of citizens, including victims of juvenile offenders. The Interstate Commission for Juveniles is empowered to monitor compliance with the interstate compact and its rules, and where warranted, initiate interventions to address and correct noncompliance. Executive Order 2013-5 creates the state council which will oversee the intrastate affairs dealing with the Interstate Compact. The council provides a mechanism for empowerment of the compact process, and serves as an advocate when improving operations, resolving disputes between states, and conducting training. One of the primary responsibilities of the state council is to recommend changes to compact rules or make comments on proposed rules. These recommendations are presented on behalf of Michigan at the annual meeting. The council will be comprised of 5 individuals: 1 representing the executive branch, 1 representing crime victims, 1 representing the legislature, 1 representing the judiciary and 1 person serving as the compact administrator. All of the members will be appointed by the Governor with the exception of the legislative representative. Appointees shall serve four-year terms, however of the appointees initially appointed, the Governor shall designate two to serve a one-year term and two to serve a three-year term. |
| Michigan State Housing Development Authority | The Michigan State Housing Development Authority, established in 1966, provides financial and technical assistance through public and private partnerships to create and preserve safe and decent affordable housing, engage in community economic development activities, develop vibrant cities, towns and villages, and address homeless issues. MSHDA's loans and operating expenses are financed through the sale of tax-exempt and taxable bonds and notes to private investors, not from state tax revenues. Proceeds of the bonds and notes are loaned at below-market interest rates to developers of rental housing, and also fund home mortgages and home improvement loans. MSHDA also administers various federal housing programs. | [http://www.michigan.gov/mshda](http://www.michigan.gov/mshda)

| Michigan Truck Safety Commission | The goal of the commission is to improve truck safety by providing Michigan's trucking industry and the citizens of Michigan with effective educational programs, and by addressing significant truck safety issues. The Michigan Truck Safety Commission (MTSC) is unique, the only organization in the nation dedicated to commercial truck driver education and training supported not with tax dollars but solely by the industry it serves. What was born of modest beginnings has grown to become a renowned safety advocate for the state's trucking industry. The Michigan Truck Safety Commission is committed to enhancing truck and truck driver safety by providing truck driver education and training, heightening all drivers' awareness of the operational characteristics and limitations of trucks, initiating data collection and research, and supporting enforcement of motor carrier safety laws. It is an 11 member commission, with 7 members appointed by the governor. The 11-member Commission meets bimonthly. | [http://www.michigan.gov/msp/0,1607,77-123-1593_3504_22760-10315--00.html](http://www.michigan.gov/msp/0,1607,77-123-1593_3504_22760-10315--00.html) |
